

## Capture Beautiful Scene: Get Leawo PhotoIns with 50% OFF on Mid-Year Promo to Enhance Photo Quality

Until August 15, 2023, picture hobbyists can take 50% off PhotoIns on Leawo Mid-Year Promo to improve photo quality or get other photo solutions.

**Shenzhen, Guangdong Jul 29, 2023 ([issuewire.com](http://www.issuewire.com))** - When sunrise or sunset, as the sun peeks over or dips below the horizon, the sky will transform into a breathtaking canvas painted in diverse natural colors. Except for such a kind of beautiful scene, there are countless wonderful moments in life that can be captured by eyes or the camera, but not every time that can be recorded perfectly. In this case, a photo solutions package — [PhotoIns](#) is helpful to enhance photo quality and fix photography issues with powerful AI technology.

In Leawo's highly anticipated [2023 Mid-Year Giveaway & Sales](#) activity, 50% OFF PhotoIns is available at \$54.97 (for the lifetime plan) instead of the original price of \$109.95. It is a comprehensive package for photo solutions, featuring AI Photo Enhancer, Photo BG Remover, and Photo Enlarger. Each module has 40% discounts for individual purchases. And these modules' functions are introduced below:

- [Photo Enhancer](#) is a powerful AI portrait enhancer that automatically improves quality of a batch of photos in 1-click. It can fix exposure issues, create a beautiful sky, remove haziness, beautify portrait photos, and improve photos with vivid colors. Meanwhile, it allows users to process RAW files with an auto lens correction feature, fixing issues like distortion, chromatic

aberration and vignetting on images. Moreover, this advanced Photo Enhancer is able to fix JPG image issues caused by compression and produce JPG images with much better quality.

- **[Photo BG Remover](#)** can remove photo background automatically in batch and change the background in clicks, with no limit on quantity and size. It not only supports manual adjustment for precise background removing and editing under various effects but also extracts transparent objects from photos and cut out intractable objects like hair or fur. Meanwhile, customizing photo background by changing it to solid color or any photo is supported.
- **[Photo Enlarger](#)**, as an AI-powered image upscaler, can upscale/downscale image resolution in batch with 5x hardware acceleration and maintain clarity and sharpness or provide better quality. It allows users to remove noise and mist automatically or manually, and enhance image quality through contrast and brightness.

More details are provided on Leawo's official site. Besides, 30% sitewide coupons for all purchases are offered at the bottom of the activity page and other products are available with up to 91% discounts.
