Acupuncture is a form of holistic medicine and a key component of Traditional Chinese Medicine. It is a technique in which thin needles are inserted into the body and in some cases, electro-stimulation is applied to gently stimulate particular regions of the body. Acupuncture is also used to maintain general health and well-being. Acupuncturists treat a variety of health concerns including women's health & fertility, autoimmune disorders, digestive disorders, joint & muscle pain, insomnia, and emotional concerns such as stress management, anxiety & depression.
