

CSDT Empowers Corporates and Promotes Safe Workplaces with PoSH Compliance Initiatives

CSDT (Centre for Skill Development & Training) has emerged as a driving force behind the implementation of Prevention of Sexual Harassment (PoSH) compliance drives across various cities in India.

New Delhi, Delhi Jul 3, 2023 ([Issuewire.com](https://www.issuewire.com)) - CSDT Empowers Corporates and Promotes Safe Workplaces with PoSH Compliance Initiatives

CSDT (Centre for Skill Development & Training) has emerged as a driving force behind the implementation of Prevention of Sexual Harassment (PoSH) compliance drives across various cities in India. With a dedicated focus on creating safe and inclusive working environments, CSDT has successfully conducted numerous workshops and seminars to raise awareness and facilitate compliance with the latest directives of the Supreme Court of India.

The flagship PoSH Conclave, which commenced on 29th March 2023, marked the beginning of CSDT's relentless pursuit of PoSH compliance. Over 100 corporates actively participated in the event, indicating the industry's commitment to fostering safe workplaces. Since then, CSDT has consistently organized workshops on PoSH across different cities in India, reaching out to a wide range of organizations.

The most recent PoSH Seminar, held on 28th June at the prestigious Ritz Carlton in Pune, witnessed the active participation of numerous corporates from both the public and private sectors. The event served as a platform for sharing insights and best practices, reinforcing the importance of PoSH compliance in organizations.

CSDT's #NoMeansNo Campaign has played a pivotal role in spreading PoSH awareness throughout India. The campaign has been remarkably successful in sensitizing individuals and organizations to the significance of preventing sexual harassment in the workplace. By supporting corporates in achieving TOTAL PoSH COMPLIANCE, CSDT aims to ensure a secure and respectful working environment for all employees.

Notably, CSDT recently conducted PoSH training for the team at the Delhi Commission of Women (DCW) in New Delhi. With the invaluable support of Ms. Swati Maliwal, the Chairperson of the Delhi Commission of Women, CSDT strives to build inclusive and safe working environments in collaboration with government bodies and organizations.

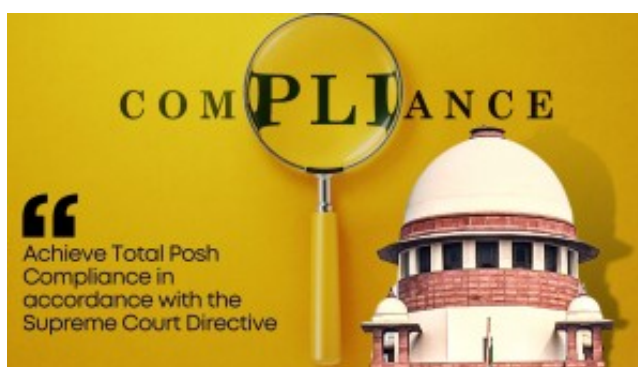

Mr. Vishal Bhasin, the Chief Learning Officer of CSDT and the founder of the #NoMeansNo campaign, has been an ardent advocate for PoSH compliance. Serving as a PoSH mentor for over 1 Lakh employees across more than 300 organizations, Mr. Bhasin brings extensive expertise and experience to the table. He is also the author of "PoSH Unplugged," a comprehensive guidebook on PoSH awareness.

Looking ahead, CSDT is preparing to host Chapter II of its flagship PoSH Conclave. This event will focus on the effective implementation of the PoSH Act 2013, providing organizations with insights and methodologies to achieve total PoSH compliance within a concise four-week timeframe.

To learn more about CSDT's initiatives or to connect with their team, please reach out to them on their website: <https://www.nomeansno.in> or email at corporate@csdtindia.com. You can also follow their social media handles for updates and information.

About CSDT (Centre for Skill Development & Training):

CSDT is a leading organization dedicated to promoting skill development and fostering safe working environments in India. With a strong focus on PoSH compliance, CSDT conducts workshops, seminars, and training programs to create awareness and facilitate the implementation of preventive measures against workplace sexual harassment. Their mission is to empower corporates and individuals to achieve total PoSH compliance, ensuring workplaces are inclusive, respectful, and secure for all employees.
