

Dista Secures Soc 2 Type II Compliance Certification

Dista is now a Soc 2 Type II compliance certified company. This strengthens the firm's commitment to data security and privacy.

Pune, Maharashtra Jul 5, 2023 ([Issuewire.com](https://www.issuewire.com)) - [Dista](#), an AI-enabled location intelligence platform, has announced that they have achieved SOC 2 Type II compliance. This demonstrates Dista's commitment to its customers to maintain the highest data security, privacy, and compliance standards. Earlier in 2022, the organization had secured [ISO 27001:2013 certification](#).

SOC 2 (System and Organization Controls 2) is a widely recognized compliance standard for enterprises handling sensitive data. Dista performed thorough independent audits of their controls, systems, policies, and processes to receive security compliance.

"Achieving SOC 2 Type II compliance is a significant milestone for Dista, demonstrating our unwavering commitment to data security and privacy," said [Shishir Gokhale](#), CEO, and Co-founder, of Dista.

"As a trusted partner to our customers, this certification affirms our commitment to safeguard customer data and maintain the highest level of security throughout its operations."

Dista recognizes the critical importance of SOC 2 compliance in today's digital landscape. Our global clientele includes global enterprises spanning industries like Banking and Financial Services, Insurance, FMCG, Retail, etc. This results in handling enterprise customer data and sensitive information; hence, adhering to the highest data security standards is paramount. The SOC 2 Type II compliance ensures that our operations meet stringent security, confidentiality, and privacy requirements.

"Dista is committed to keeping the customer data and other sensitive information secure," said [Rajesh](#)

[Patil](#), VP of Customer Experience & Head of IT and Infosec Compliance Officer, Dista. “We are proud of the fact that our products and processes have been successfully certified for the rigorous SOC 2 Type II standards”.

Dista remains committed to exceeding customer expectations with its AI-powered location intelligence products while maintaining the highest standard of data security and compliance.
