Tickets @ bit.ly/SolarPunkWA

Burien, Washington Jul 20, 2023 ([Issuewire.com](https://www.Issuewire.com)) - Burien is excited to announce the 2nd annual Burien Solar Punk Festival, a vibrant celebration of renewable energy, art, and community. The festival will take place on August 12, 2023, from 10 am to 10 pm at Shark Garden, showcasing solar-powered innovation and creative expression.

The Burien Solar Punk Festival aims to inspire and educate attendees about sustainable living, clean energy alternatives, and a brighter, eco-friendly future. The festival will feature a diverse range of activities and attractions to ensure there is something for everyone.

Highlights of the festival include:

- Solar Energy Showcases: Discover cutting-edge solar technologies, including photovoltaic panels, electric vehicles, and solar-powered art installations.
- Art and Fashion Exhibitions: Immerse yourself in the world of solar punk-inspired art that combines creativity and sustainability.
- Interactive Workshops: Engage with industry experts, scientists, and environmentalists through workshops and panel discussions covering topics such as solar energy implementation, sustainable architecture, and community activism.
- Musical Performances: Experience the festival's electric atmosphere with a lineup of local and international musical acts that align with its sustainable vision.
- Food and Market Vendors: Sample culinary delights and browse through a selection of sustainable and eco-friendly products at the vibrant food and market area.

The Burien Solar Punk Festival aims to be a family-friendly event, inspiring attendees of all ages to embrace renewable energy solutions and sustainable lifestyles. Through its fusion of art, music, technology, and education, the festival hopes to ignite a passion for sustainable living and create positive change.

Admission to the festival is free, thanks to the support of local sponsors and the Port of Seattle. Attendees are encouraged to bring their reusable water bottles and containers to minimize waste.
