We provide portable air conditioner rentals in New York to keep you in business.

In our digital age, we rely upon vast networks of computers and lab equipment to keep our world running. We understand how extreme temperatures or sudden incidents can jeopardize your business as well as your reputation. Here at Hitech PTAC Specialist. , we offer [move-and-cool](#) systems to support and maintain your equipment so that it's running optimally at all times.

[OUR REVIEWS](#)We're always on call.

We are fully committed to providing superior service. Whether you're in need of emergency assistance or just need questions answered, we offer full 24/7 support to respond to your portable climate control needs across the state of New York.

[CONTACT US](#)Spot coolers deliver added coverage and protection.

Portable air conditioner rentals are vital in emergencies where cooling is needed to supplement an air conditioning failure. Spot coolers and move-and-cools are often utilized as back-up for data centers, as well as for other commercial spaces while the central air is turned off for maintenance. They are also used during non-business hours.

[Hitech PTAC Specialist. is the leading HVAC company NYC has to offer with a full suite of NYC HVAC services, installations, maintenance, and repairs. Call us today!](#)

Commercial Cooling

We understand the importance of having a comfortable and functional working environment for your customers and employees. We service all varieties of commercial property heating, cooling, and ventilation systems.

Commercial Air Conditioning and Heating

When it comes to your commercial air conditioning and heating needs, you can count on our decades of experience to service your needs from new installations and maintenance to 24/7 emergency service. No job is too big or too small for us.

We'll respond promptly to your emergency

Our fully equipped fleet of vehicles can be dispatched at a moment's notice to address your emergency. We are able to communicate with our technicians on the road. We quickly access your company's service history and equipment needs, and readily prepare the right parts for your job.
