

Introducing Clapper's Multi Live: A Revolutionary Step in Livestreaming

Dallas, Texas Jul 27, 2023 ([Issuewire.com](https://www.issuewire.com)) - Live Streaming has become an integral part of connecting with audiences and expanding creators' follower base. Now, taking this experience to a whole new level, Clapper proudly presents its latest and most exciting feature, Multi Live. With Multi Live, users can now go Live with up to 8 of their followers simultaneously, making every Livestream experience on the platform more engaging and interactive than ever before, enhancing the sense of community and fostering real-time interactions.

"We are thrilled to introduce Multi Live, the newest and most exciting addition to our platform," said Edison Chen, CEO of Clapper. "Our mission has always been to create an engaging and inclusive space for content creators and viewers alike. With Multi Live, we take a significant step forward in achieving that goal, enabling creators to connect and collaborate in unprecedented ways."

Multi Live empowers content creators to collaborate effortlessly, making it perfect for group discussions, panel sessions, interviews, and collaborative performances.

With multiple hosts, viewers are treated to a diverse range of perspectives and insights, creating a more captivating and enriching experience with enhanced engagement between the host and viewers.

As part of Clapper's commitment to supporting its users, the platform is providing a comprehensive guide on how to utilize Multi Live to its full potential. The guide covers various aspects of the feature, including setup instructions, best practices, and tips for hosting successful and engaging Multi Live sessions. Whether you're a seasoned content creator or a newcomer, the guide will help you confidently host your first Multi Live and create memorable experiences for your audience.

About Clapper

Clapper is one of the fastest-growing social media platforms that's focused on promoting real people and stories through short-form videos and live streaming. The Texas-based app showcases the latest trends and how they relate to people's genuine lives in real-time, while also giving creators a space to share their opinions and talents. Clapper promotes fairness through an Equal Opportunity algorithm that allows all creators to be heard, seen, and valued organically.
