

ISCPO Announces 7PSolutions as a Preferred Vendor Partner

Offers a variety of GPS technologies and software to protect your global supply chain

Dallas, Texas Jul 7, 2023 ([Issuewire.com](https://www.issuewire.com)) - The International Supply Chain Protection Organization (ISCPO) announced that 7PSolutions (7P) will join the organization's preferred vendor partner as ISCPO continues to support its members and the supply chain security community. The speed of business has exponentially accelerated the supply chain, and ISCPO members rely on a variety of vendors for innovative tools, technology, and services to help them make their departments and flow of goods run effectively. ISCPO remains dedicated to continuously enhancing its variety of vendor solutions, leveraging emerging technologies, and staying at the forefront of industry best practices. By adding 7PSolutions as a preferred vendor, our members will have access to emerging GPS technologies and services including global supply chain monitoring, law enforcement escalation using LELiveLink, escort services and global intel.

About 7PSolutions:

7PSolutions is the leading provider of GPS tracking and monitoring solutions, which includes a variety of innovative GPS technologies. Our RouteWatch SaaS, introduced in 2012, is a device agnostic tracking, monitoring and GPS management platform. Customers streamline global supply chain management utilizing RouteWatch as a stand-alone platform or by using our robust API data calls for integration. Organizations concerned about cargo security, theft and recovery utilize our event-based 24/7/365 global Security Operations Center (SOC) for monitoring, law enforcement escalation, and recovery. Utilizing client specific protocols, based on shipping lanes, products, and other indicators our SOC reacts to these protocols and when required escalating to law enforcement through our LELiveLink which was developed in 2014. 7P's core GPS solutions are pharma compliant and are designed for all modes of transportation and include re-usable, disposable, and hardwired devices. Providing the technology for real-time decision-making, automated communications, KPI performance management and improving operational productivity. Ask 7P how we can provide visibility to your global supply chain, manage product integrity and protect the company Brand.
