Get to know Orthodontist Dr. J. Victor Eagan, who serves patients in Southfield, Michigan.

Dr. J. Victor Eagan

New York City, New York Jul 15, 2023 ([IssueWire.com](https://www.issuewire.com)) - An exceptional orthodontist, Dr. Eagan works with patients at his private practice - Eagan Orthodontics, PC - in Southfield, Michigan. He understands the profound impact of a beautiful smile on an individual's self-image and emphasizes the importance of orthodontic treatment. He believes that a beautiful smile communicates a sense of confidence and harmony with the world.

Renowned for his use of state-of-the-art equipment and cutting-edge technology, he consistently delivers exceptional results. He dispels the notion that braces are exclusively for children, as many adults missed the opportunity to straighten their smiles during childhood. He asserts that adults of any age can improve their smiles through orthodontic treatment.

Dedicated to his profession, Dr. Eagan is among a select group of specialists in orthodontics. Since the late 1800s, only around 125 African Americans have held such esteemed positions in the field. He stands out as one of the seven known African American orthodontists operating a private practice in Michigan. His practice has garnered widespread recognition, attracting patients from around the globe who seek his technical expertise.

His passion for orthodontics began at a young age, as he grew up working in his father's office. His father, Dr. John Eagan, was a trailblazer as the first African American orthodontist in Michigan and the third in the world. His educational journey started at the prestigious University of Michigan, where he completed his undergraduate training.

Subsequently, Dr. Eagan earned his Doctor of Dental Surgery degree with honors from the University of Michigan's School of Dentistry. Following eight years of practicing general dentistry, he pursued advanced specialty training in orthodontics at Howard University School of Dentistry in Washington, D.C., graduating as valedictorian.

Beyond his professional achievements, he actively engages with his local community and participates in various civic and community organizations. He is a valued member of prominent dental associations such as the American Dental Association, the National Dental Association, the Great Lakes Association of Orthodontists, and the American Association of Orthodontists.

Orthodontics is a specialty of dentistry that deals with the diagnosis, prevention, and correction of malpositioned teeth and jaws. Orthodontists are responsible for identifying problems with the positioning of a patient's teeth and with their oral development. They utilize the most advanced procedures and equipment available to ensure that every patient achieves a healthy and beautiful smile.

Dr. Eagan's accomplishments have earned him numerous accolades, including being listed in the prestigious Who's Who Among Executives and Professionals directory. In 1996, he was recognized as Orthodontist of the Year by the Consumer Business Review, and the following year, he received the Jeann R. Vogt Celebration of Leadership Award from the Accounting Aid Society. The National Association of Black MBAs honored him with the Outstanding Scientific Award in 1998, and he was named a Top Dentist by HOUR Detroit magazine in 2009.

Remarkably, his talents extend beyond orthodontics. He is an ordained minister, an accomplished author, and an international speaker. Together with his wife, Catherine Eagan, he heads Eagan Financial Group, LLC, and they have collectively authored over 10 books. He is also involved in real estate through his company, Eagan Ortho Properties, LLC, and holds diverse interests as the head of Eagan Companies, Ltd. He and Mrs. Eagan enjoy their lives in Orchard Lake, Michigan, and Boca Raton, Florida.
