

# Kevin Sadati, DO, a Facial Plastic Surgeon, Artist, and Sculptor

Get to know Plastic Surgeon Dr. Kevin Sadati, who serves patients in California.

**New York City, New York Jul 20, 2023 ([IssueWire.com](https://www.issuewire.com))** - Dr. Sadati, the renowned board certified facial plastic surgeon based in Newport Beach, has established himself as the go-to expert for individuals seeking natural-looking results and exceptional care. With an impressive track record and a unique set of skills, he has solidified his position as the best facial cosmetic surgeon in Orange County, earning the prestigious title for six consecutive years as recognized by the Orange County Register.

In addition to his expertise in facial plastic surgery, he is also specializing in head and neck reconstructive surgery, possessing a comprehensive understanding of facial anatomy and functionality. However, his expertise extends beyond medical training. He is an accomplished sculptor and painter, which grants him a remarkable artistic sensibility that he brings to his practice. This fusion of medical expertise and artistic talent allows him to deliver results that surpass his patients' expectations. Academically, Dr. Sadati was awarded a full scholarship from UC Berkeley, where he studied Molecular Cell Biology alongside Near Eastern Art & History, nurturing his artistic eye. After graduating with a Bachelor of Science and a Bachelor of Arts degree, he continued his academic journey, conducting wound healing research at UC San Francisco and then obtaining his medical degree from Midwestern University in Illinois.

He furthered his training in general surgery and otolaryngology at prestigious institutions such as the Philadelphia College of Osteopathic Medicine and the Medical College of Pennsylvania. He completed facial plastic and reconstructive training in Philadelphia and pursued a fellowship in general cosmetic surgery in Seattle. Throughout his medical journey, he maintained his love for the arts, taking art classes at the Philadelphia School of Fine Arts and continuously refining his skills in oil painting and sculpting to deepen his understanding of the human form.

Remaining up to date in his field, Dr. Sadati is an esteemed member and Diplomate of several professional societies, including the American Board of Cosmetic Surgery, the American Osteopathic Otolaryngology Head & Neck Surgery, and a member of the American Academy of Facial Plastic & Reconstructive Surgery, among others.

Throughout his distinguished career, he has performed over 5,000 face and neck lifts, consistently delivering exquisite outcomes. His patients testify to the beauty and naturalness of their results, with over 800 five-star reviews and glowing testimonials flooding his Newport Beach facility.

Not content with the status quo, Dr. Sadati is an innovative thinker and an experienced pioneer in his field. He has developed the Natural Facelift Technique, known as Triple C Plication, for facial rejuvenation, as well as his Deep Plane Face and Neck lift that creates youthful and natural results.

Recognizing that no two patients have identical desires, Dr. Sadati takes the time to listen carefully to their concerns, questions, and goals. By understanding their unique needs, he can tailor his approach and ensure that patients feel confident and well-prepared for their transformative journey. He is not a salesperson; he prioritizes his patients' needs and desires, only recommending procedures that align with their actual requirements.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories – reconstructive surgery and cosmetic surgery. A

plastic surgeon's primary responsibility is performing surgical and non-surgical procedures, and they use a variety of reparative and reconstructive techniques to get the job done.
