

Lords University Launches Special Education Programs to Empower Students with Disabilities

Special Education Programs in Rajasthan

Alwar, Rajasthan Jul 7, 2023 ([IssueWire.com](https://www.issuewire.com)) - [Lords University](https://www.lordsuniversity.edu.in) is proud to announce the launch of its School of Rehabilitation Sciences, specifically the Lords School of Special Education. This initiative aims to provide comprehensive training and education programs to aspiring professionals in the field of special education. With a focus on inclusive and equitable education, Lords University aims to empower individuals with disabilities and create a more inclusive society.

The Rehabilitation Council of India (RCI), a statutory body functioning under the Department of Empowerment of Persons with Disabilities (Divyangjan), has recognized Lords University's commitment to human resource development and the rehabilitation of persons with disabilities. The university's Special Education Programs, which include D.Ed.ID, D.H.L.S, and B.Ed. LD (Special Education), have been designed to provide students with a unique blend of theoretical knowledge and practical experience.

What sets Lords University apart is its team of experienced doctorate faculty members who bring a wealth of knowledge and expertise to the programs. The curriculum is carefully crafted to prepare educators to effectively teach students with learning disabilities, equipping them with the necessary skills to make a positive impact on their students' lives.

Lords University also offers 100% field placement assistance, ensuring that students have the opportunity to gain hands-on experience in inclusive learning environments. This practical exposure enables students to apply their knowledge in real-world settings and further enhances their understanding of special education practices.

Graduates of the [Special Education Programs](#) at Lords University can expect a wide range of job opportunities upon completion of their studies. They will be well-equipped to teach in special schools, inclusive regular schools at the elementary level, work in early intervention and preschool settings or even provide home-based teaching support to individuals with high support needs. The university also provides online teaching options, allowing graduates to reach students beyond physical boundaries.

Lords University boasts state-of-the-art infrastructure, with its campus located in Alwar, Rajasthan, India. The city office at Signature Tower provides a convenient location for prospective students to inquire and seek guidance about the programs offered.

To learn more about the Special Education Programs at Lords University and to apply, visit [university website]. Join us in our mission to create a society that embraces and empowers individuals with disabilities through quality education.
