

Maria Tessie A. Beduya-Princer, MD, an Internist with EnVIGOR Health Medical and Behavioral Center

Get to know Internist Dr. Maria Tessie A. Beduya-Princer, who serves patients in Las Vegas, Nevada.

New York City, New York Jul 15, 2023 ([IssueWire.com](https://www.issuewire.com)) - A trusted internist, Dr. Beduya-Princer is in practice at EnVIGOR Health Medical and Behavioral Center in Las Vegas, Nevada. With her extensive experience and dedication to patient well-being, she provides exceptional care to individuals of all ages. She is known for her warm and compassionate demeanor, and has a remarkable ability to put her patients at ease during medical visits.

With three decades of experience, she stands at the forefront of delivering exceptional healthcare services. She is deeply committed to providing quality, effective, and efficient care to her patients. In addition to in-person medical visits, she also offers virtual telehealth services, embracing the latest advancements in medical technology to ensure convenient and accessible healthcare for her patients.

Graduating at the top of her class from the UV Gullas College of Medicine in the Philippines, Dr. Beduya-Princer pursued further specialization in internal medicine by completing her residency training at Saint Joseph Hospital in Chicago, Illinois. After her residency, she served as an emergency physician at Molokai General Hospital in Kaunakakai, Hawaii, where she gained valuable experience in handling urgent medical situations for a period of six years.

An authority in her field, the doctor is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Over the course of her career, she has held various positions that have enriched her medical expertise. She served as a primary care physician at Southwest Medical Associates in Las Vegas, an urgent care physician at University Medical Center in Las Vegas, and a hospitalist at VA Southern Nevada Healthcare System in North Las Vegas.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.

On a more personal note, Dr. Beduya-Princer attributes her success to her focus on excellent patient care, her education, and extensive training, using only the newest technology available, and striving to make a difference.
