

Matthew Orsatti, DDS, a Dentist with Orsatti Dental

Get to know Dentist Dr. Matthew Orsatti, who serves patients in San Antonio, Texas.

New York City, New York Jul 10, 2023 ([IssueWire.com](https://www.issuewire.com)) - Dr. Orsatti, known to his patients as Dr. Matt, has extensive experience in dentistry. He works alongside Dr. Louis Orsatti, Dr. Rebeka Andrade & Dr. Alma Alexandra Barrera at Orsatti Dental in San Antonio, Texas.

In August of 1986, Dr. Louis Orsatti and his wife, Debbie Orsatti, opened up the doors to Orsatti Dental for the first time. With a dream and passion for dentistry, the Orsattis' set out to help the people of San Antonio by offering affordable dental care while not compromising quality. 30 years later and Orsatti Dental has become a highly distinguished San Antonio dentistry well known for their commitment to their patients. Because of this recognition, people from far and wide find themselves traveling to the office for all their dental needs.

Bringing to the practice a very high level of compassion and care for each patient, the team at Orsatti Dental believe in a conservative dental approach. They are dedicated to treating patients with excellence, patient education and informing all patients of any treatment and fees prior to treatment.

Born and raised in the great Alamo city of San Antonio, Dr. Matt is a graduate of the prestigious UT Health San Antonio School of Dentistry. He completed an intensive training in dental implants when he attended the UT Dental School Preceptorship in Dental Implantology. He also completed an extensive two-year continuing education program in metal braces through the Academy of Gp Orthodontics where he has achieved Fellowship status.

Continuing to attend classes in the advancement of dentistry because of his commitment to his patients, Dr. Matt is a member of the American Orthodontics Society where he attended extensive continuing education on straight wire technique. He has added to his already broad knowledge Invisalign therapy, and has enjoyed the outcome of many of his patients who have been treated with clear aligners (Invisalign).

Having completed a mini-residency in dental sleep medicine at Tufts University School of Dental Medicine in Boston, Massachusetts, Dr. Matt is a Diplomate of the American Academy of Dental Sleep Medicine. He helps patients who cannot tolerate their CPAP devices with the option of using an oral appliance.

Among his professional dental affiliations, he is an active member of the American Dental Association, the American Academy of Dental Sleep Medicine, the Texas Dental Association, the International Congress of Oral Implantologists, the San Antonio Dental Society, the Academy of General Dentistry, the American Orthodontic Society, and the American Academy of Clear Aligners.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries, create beautiful smiles, and perform other duties to ensure that the teeth and mouth are healthy.
