

Paradise Republic Roasts Kona Coffee while Playing "Paradise" by Lana Del Rey

San Francisco, California Jul 12, 2023 ([Issuewire.com](https://www.issuewire.com)) - Paradise Republic, a renowned coffee brand, is excited to announce its unique approach to creating an exceptional coffee experience. By roasting their Kona Coffee while playing Lana Del Rey's album "Paradise," the company aims to enhance the sensory pleasure of their product, delivering a smoother and more delightful taste to coffee enthusiasts.

Coffee and music have long been recognized for their ability to captivate and satisfy the senses. Understanding this connection, Richard H. Davis, President and CEO of Paradise Republic, has pioneered a distinctive saturation process that infuses a musical vibe into each and every one of his expertly roasted coffee beans. This innovative technique was developed in response to the attention Davis's roasting choices garnered, particularly the music he selected to accompany the roasting process.

"I believe that the combination of fine-tuned coffee roasting techniques and the right music creates a masterpiece for the senses," said Richard H. Davis. "Lana Del Rey's album 'Paradise' perfectly complements our Kona Coffee, enhancing its flavors and providing an elevated coffee experience for our customers."
