

Quick Fix Air Conditioning: Your Go-To HVAC Service Provider in Central Florida

Longwood, Florida Jul 17, 2023 ([IssueWire.com](https://www.IssueWire.com)) - Quick Fix Air Conditioning: Your Go-To HVAC Service Provider in Central Florida

Quick Fix Air Conditioning, a leading provider of heating, ventilation, and air conditioning (HVAC) services in Central Florida, is pleased to announce that it continues to offer top-quality, reliable, and prompt HVAC services for both residential and commercial properties.

Craig Miller, a seasoned AC expert since 1980, has been recognized as a "Best of Orlando" winner by Orlando Weekly. After overcoming health challenges, Craig is back doing what he does best: servicing and installing air-conditioning units all over Central Florida. His customers, both old and new, are thrilled to have him back on the job.

"We do it all," says Craig, who leads a skilled team ready for jobs big and small. "Repairs, whole-house installations, change-outs – we're familiar with all brands. We also provide maintenance services, such

as changing filters and cleaning ducts. We do a lot of HVAC air-quality sanitation work with UV lights, too. That helps reduce mold and viruses from being distributed throughout the air in your home."

As an added bonus for customers, Craig is also a certified mold inspector in the state of Florida. Quick Fix Air can handle the cleaning and removal of mold quickly and safely.

Craig's advice is simple: "Put Quick Fix Air Conditioning's number in your phone now – 407-710-8982 – for days when it doesn't feel so cool or in case your system quits altogether. Anytime day or night, our team will have the answer!"

Quick Fix Air Conditioning is committed to ensuring that your living or working environment remains comfortable throughout the year, irrespective of the season. For more information, visit quickfixairconditioning.com or contact them at info@quickfixairconditioning.com
