

Rison Software's VirtlX Employee Engagement Platform Now Available on Microsoft AppSource

Rison Software today announced the availability of VirtlX 360° Employee Engagement on Microsoft AppSource.

East Yorkshire, United Kingdom Aug 1, 2023 ([Issuewire.com](https://www.issuewire.com)) - Rison Software today announced the availability of [VirtlX 360° Employee Engagement](#) on Microsoft AppSource, an online cloud marketplace providing tailored line-of-business solutions.

Rison Software was established in January 2017 and offers SaaS business applications that can be used off the shelf and on-demand, as well as business critical solutions that can be customized and white-labeled to customers' specific requirements. Rison's solutions provide essential data which helps its clients increase business efficiency and boost revenues. The VirtlX 360° Employee Engagement Platform offers businesses unique insights with VirtlX's all-in-one cloud-based employee engagement management platform.

Richard Chalk, Founder and Managing Director, Rison Software said, "Joining the Microsoft ISV Success Program enabled us to integrate quickly and easily the VirtlX 360° Employee Engagement product to Microsoft Dynamics 365 Business Central which we are now pleased to announce is available through the Microsoft AppSource Store thus making VirtlX seamlessly available to Business Central users on an affordable SaaS model."

Toby Bowers, General Manager, Business Applications Group, Microsoft Corp., said, "We're happy to welcome Rison Software's VirtlX 360° Employee Engagement Platform to Microsoft AppSource, which gives our customers access to the best solutions available from our extensive partner ecosystem. Microsoft AppSource offers partner solutions such as VirtlX Employee Engagement Platform to help customers meet their needs faster."

VirtlX's all-in-one cloud-based employee engagement management platform helps companies position

their human capital roadmap around a digitally inclusive strategy, rapidly and easily gathering employee performance and wellbeing data as well as customer sentiment, finding the shortfalls that need to be addressed within the organization and providing bespoke online training to quickly fulfill gaps in existing capabilities.

VirtlX offers a multitude of tools to achieve this and provides customers with many solutions to choose from within a highly affordable and scalable model.

Tools included in the VirtlX offering:

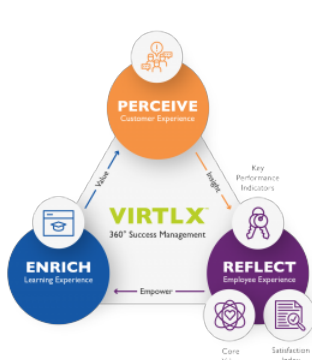

- Pulse, 360° and Peer Reviews
- Line Manager Upward Feedback Reviews
- Employee Appraisals
- Employee Satisfaction, Engagement, and Wellbeing
- Bespoke, company-authored training
- Customer feedback on service and products
- AuthorZone for rapid creation of surveys and training material
- Onboard Communicator utilising WhatsApp, SMS, and email

VirtlX offers tremendous value to companies of all sizes ranging from Small / Medium Businesses (SMB) to international Corporates. Rison Software recently implemented VirtlX 360° Employee Engagement within the training academy of a leading international automotive corporation.

Rison Software is a well-established, trusted business and is engaged with some of the top, global brands in automotive, banking, and finance, as well as numerous other smaller organisations across the globe. For further information, visit www.virtlx.com.
