Get to know Internist Dr. Simone Van-Horne, who serves patients in Florida.

New York City, New York Jul 19, 2023 ([Issuewire.com](https://www.issuewire.com)) - A committed internist with a passion for aesthetics, Dr. Van-Horne works with patients at Broward Health Coral Springs. She strongly believes that aesthetics are an essential part of overall well-being. With her extensive experience in internal medicine, she is well-equipped to guide patients on their anti-aging journey. She ensures that they are well informed about the medical options available to them and supports them in achieving their desired

outcomes.

Beyond her expertise in internal medicine and aesthetics, she possesses a wealth of experience in various healthcare settings. She has extensive knowledge in acute hospital care, including emergency and critical care. Additionally, she has provided post-acute health services in areas such as memory care, nursing homes, rehabilitation facilities, and hospice care.

In regards to her educational background, Dr. Van-Horne received her medical degree from the University of the West Indies Faculty of Medicine in 1999, and completed her residency in internal medicine at the prestigious Pennsylvania Hospital of the University of Pennsylvania in 2006. During her time there, her exceptional skills and commitment to medical education earned her the role of Chief Resident.

Passionate about her profession, the doctor is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Continuously striving to enhance the quality of care she provides, she is now expanding her services to include continuous home monitoring and telehealth. By embracing these technologies, she aims to offer her patients convenient access to medical expertise and ongoing support. Her motto, "Good health is the most important kind of wealth," exemplifies her commitment to the well-being of her patients.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in Internal Medicine are called Internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.
