

Ted Kawulok, DDS, a Dentist with Whole Family Dentistry

Get to know Dentist Dr. Ted Kawulok, who serves patients in Colorado.

New York City, New York Jul 29, 2023 ([Issuewire.com](https://www.issuewire.com)) - Recognized as a knowledgeable and professional dentist, Dr. Kawulok works alongside Dr. Dr. Nicole W. Kent at Whole Family Dentistry in Boulder, Colorado.

His interests lie in comprehensive dental rehabilitation focusing on cosmetic and reconstructive therapies. This includes cosmetic bonding and veneers (since 1986), aesthetic crowns and bridges,

implant prosthetics including smile makeovers for denture wearers, a strong periodontal program including soft tissue management, and endodontics (painless root canal therapy).

Since the inception of the practice, Whole Family Dentistry has developed a highly respected reputation for providing excellence in a broad scope of services for its patients. The dental practice's whole health approach considers all aspects of tooth, jaw, muscles, airways, and posture to optimize a patient's health along with their appearance.

Nearly a life-long resident of Boulder, Dr. Kawulok moved there in 1966. He attended Sacred Heart School, and is a graduate of Boulder High School. For his undergraduate studies, he attended Northern Arizona University, graduating Cum Laude in Chemistry after 3 years. He played football at the University and was elected to the NAU sports hall of fame in 1998.

Upon embarking on his dental path, Dr. Kawulok graduated with his Doctor of Dental Surgery degree from the University of Colorado School of Dentistry in 1983. Then, from 1983 until 1984, he completed a General Practice Residency in Hospital Dentistry at UCLA.

Recognition of Dr. Kawulok's professional achievement can be noted in the following awards and certifications: Fellow of the Las Vegas Institute for Advanced Dental Studies, Fellow of the International College of Dentists, Fellow of the Academy of Dentistry International, Fellow of the Academy of General Dentistry, and Fellow of the Pierre Fauchard Academy. He served as president of the Boulder County Dental Society in 1989, and as Trustee from 1995 until 2004.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.
