

The Company Check Announces the Launch of its B2B Platform for Banks and NBFCs

A ground-breaking platform that revolutionizes business decision-making with intelligent software and data-driven insights

Gurgaon, Haryana Jul 25, 2023 ([Issuewire.com](https://www.issuewire.com)) - [The Company Check](#), a premier business intelligence provider, announced today the launch of its advanced Business-to-Business (B2B) platform specifically tailored for banks and Non-Banking Financial Companies (NBFCs). This comes a year after the successful roll-out of its Business-to-Consumer (B2C) platform, and in response to a phenomenal monthly traffic of 2.2 million.

[The Company Check](#) employs cutting-edge natural language processing and machine learning technologies to gather, clean, and organize relevant company and financial information from trustworthy sources in real-time. Their dedicated quality assurance team meticulously vets every piece of data before it is delivered, ensuring the highest standards of excellence and integrity.

"We are committed to revolutionizing work processes by empowering organizations with the intelligence they need to make informed decisions," says Vikas Dahiya, founder of All India ITR App and The Company Check Platform. "Our mission is to make business intelligence an integral part of operations for companies of all sizes and sectors."

The B2B platform serves as a robust tool for banks and NBFCs, enabling them to gain actionable insights and improve their sales efficiency. By making relevant and reliable business information easily accessible, The Company Check is transforming the way companies make sound, data-driven decisions.
