

Wimbledon Dental Lounges Adds Orthodontics and Botox to Services

Orthodontics and Botox are two new services available at Wimbledon Dental Lounges.

Wimbledon, London Jul 21, 2023 ([Issuewire.com](https://www.issuewire.com)) - The Dental Lounges, dental practice in Wimbledon, is excited to announce the expansion of its services to include orthodontic treatments and anti-wrinkle treatments, including Botox. This expansion is part of the clinic's commitment to providing comprehensive dental and aesthetic services to its patients.

The Dental Lounges has always been dedicated to offering high-quality and affordable dental services. Their expertise includes general, preventive, restorative, and cosmetic dentistry, with a focus on minimally invasive and adhesive techniques to preserve natural teeth. Now, they are adding orthodontic treatments and Botox to their repertoire, providing even more ways for patients to enhance their smiles and overall facial aesthetics.

The orthodontic services will be led by a team of experienced Wimbledon orthodontists who specialise in invisalign treatments. These clear aligners offer a discreet and convenient alternative to traditional metal braces, making them a popular choice for adults and teens alike. The orthodontic team at The

Dental Lounges is equipped to handle a variety of issues, including bite abnormalities, misalignment, and crowding.

In addition to orthodontic services, The Dental Lounges is also introducing anti-wrinkle treatments, including Botox. These treatments are designed to help patients look years younger by smoothing out lines and wrinkles. The clinic uses market-leading injectables to achieve high-quality outcomes, and the treatments are quick, non-invasive, and effective.

The Dental Lounges Botox treatments can be used for a variety of purposes, including reducing frown lines on the forehead, wrinkles above the nose, crow's feet next to the eyes, and wrinkles on the neck. They can also be used for slimming of the lower face, reducing chin creases, and lifting the brow.

[Dentist in wimbledon](#) is committed to providing personalised service to all patients. Their team takes the time to get to know each patient and understand their specific needs and aspirations before beginning any treatment. This personalised approach ensures that every patient receives the best possible care and achieves the results they desire.

The Dental Lounges is open six days a week, with flexible opening hours to accommodate busy schedules. They also offer a range of financing options, making it easier for patients to get the smile they've always wanted.

The Dental Lounges is not just a dental clinic; it's a place where patients can achieve their dream smiles and enhance their overall facial aesthetics. The clinic's team of professionals is dedicated to providing a comfortable and welcoming environment where patients can feel at ease. They understand that every patient is unique, and they tailor their services to meet each individual's specific needs and goals.

The addition of orthodontic and anti-wrinkle treatments to their service offerings is a testament to The Dental Lounges' commitment to comprehensive care. The clinic's orthodontic services are designed to help patients achieve perfectly aligned smiles without the discomfort and inconvenience of traditional braces. [Invisalign Wimbledon](#) treatments are customisable, removable, and an easy alternative to metal braces, making them a popular choice for both adults and teens.

Our anti-wrinkle treatments, including Botox, are designed to help patients look and feel their best. These treatments can smooth out lines and wrinkles, resulting in a rejuvenated and youthful appearance. The clinic uses market-leading injectables to ensure high-quality outcomes, and the treatments are quick, non-invasive, and effective.

The Dental Lounges is more than just a dental clinic; it's a place where patients can achieve their aesthetic goals and enhance their confidence. With their expanded services, they are now better equipped to meet the diverse needs of their patients and help them look and feel their best.
