

Arthur Greyf, DDS, FICOI, a Dentist in Private Practice

Get to know Dentist Dr. Arthur Greyf, who serves patients in Millburn, New Jersey.

New York City, New York Aug 4, 2023 ([IssueWire.com](https://www.issuewire.com)) - An implant cosmetic dentist known for his kindness and professionalism, Dr. Greyf is honored to give his patients beautiful smiles while restoring or establishing their dental health and function.

Since opening his practice in Millburn, New Jersey in 2000, he has continually incorporated the latest high-tech equipment and advanced techniques into his patient care. This allows him to deliver amazing

results in the shortest time frame.

By providing the best of modern dentistry, in a welcoming and service-oriented environment, Dr. Greyf ensures his patients achieve the results they deserve: optimal oral health and smiles they love to share. His office offers: digitally-assisted root canal (endodontics) therapy; KaVo OP 3D cone beam technology; CEREC® 3D imaging and in-house milling for same day restorations (crowns); Planmeca FIT™ open CAD/CAM digital scans and in-house milling of restorations, including roundhouse dentures/bridges, crowns, and veneers; Yomi® Robotic System for dental implant planning and precise, robot-assisted implant surgery; Piezo and radiofrequency surgery; and Biolase soft- and hard-tissue lasers.

In combining these advanced dental technologies and techniques with individualized treatment planning, Dr. Greyf provides high-quality, painless care and perfect, same day results for his patients.

Academically, he graduated from the Bachelor of Arts degree to a Doctor of Dental Surgery program at New York University College of Dentistry in 1996. He completed this accelerated program, which normally takes seven years, in six.

Following dental school, Dr. Greyf undertook a rigorous general practice residency at Maimonides Medical Center in New York. It was during his residency, in 1996, that he placed his first dental implant and became fascinated by the technology, science, and artistry of the procedure.

After completion of his residency, Dr. Greyf was offered and accepted an attending position in Kings County Hospital Center and an associate clinical professorship at Downstate Medical Center. In the latter position, he trained residents for five years. Then, in 2002, he moved to Manhattan and joined the staff at Metropolitan Hospital Center. There, he founded a laser dentistry program and was an early adopter of Biolase lasers.

In 2000, Dr. Greyf opened his private practice in Millburn to offer top-of-the-line service in a modern dental practice.

His professional affiliations include being a Fellow of the International Congress of Oral Implantologists, a graduate of the prestigious Misch Implant Institute, and a member of the Modern Optimized Dentistry (MOD) Institute.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.

A native of St. Petersburg, Russia, Dr. Greyf has resided in New York City for more than 30 years. Much of his free time is spent with his wife, who is a lawyer, and their two daughters.

Among his many interests are opera, theater, museums, food and wine. Dr. Greyf has visited many of the world's major museums and avidly travels for food experiences and to collect wine. He is also honored to serve on the boards of the Russian American Dental Association and the Museum of Human Rights.
