

Ecuadorian Rainforest's August Ingredients: Ideal for Industry Pros

Bulk Ingredients On Sale This Month

Clifton, New Jersey Aug 2, 2023 ([Issuewire.com](https://www.issuewire.com)) - Ecuadorian Rainforest, a leading B2B supplier of natural ingredients, is excited to introduce its August Ingredients specials, featuring a selection of premium botanical products tailored to meet the diverse needs of the commercial market. This month's specials include Kelp Ascophyllum Powder, Chondracanthus chamissoi Powder, Wakame Powder, Gracilaria Powder, and many more sourced from the finest regions of the world.

Kelp Ascophyllum Powder: Grown in the pristine waters of coastal regions, Kelp Ascophyllum Powder boasts a rich green color and an earthy aroma. Renowned for its versatility, this powder is a treasure trove of nutrients, including essential minerals like iodine, calcium, magnesium, and iron. It is widely sought in various industries, such as agriculture, cosmetics, and animal feed, for its potential applications as a soil conditioner, skin nourisher, and supplement in livestock diets.

Chondracanthus chamissoi Powder: Harvested from thriving coastal areas, Chondracanthus chamissoi Powder presents a distinctive dark red color. This powder holds the potential for an array of commercial uses, particularly in the food and beverage industry. Containing an impressive variety of vitamins, minerals, and polysaccharides, it has garnered attention for its possible applications in food additives, natural coloring agents, and nutritional supplements.

Wakame Powder: Sourced from lush aquatic environments, Wakame Powder displays a vibrant green hue. Its mild marine flavor makes it an appealing ingredient. Rich in essential vitamins, such as vitamins A, C, and E, as well as minerals like calcium and iron, Wakame Powder is sought after for use in the nutraceutical and skincare industries. It has garnered interest as a potential ingredient in supplements and cosmetic formulations.

Gracilaria Powder: Found in thriving coastal ecosystems, Gracilaria Powder showcases a captivating red color, making it an eye-catching addition to commercial applications. Enriched with an array of vitamins, and minerals, this powder has attracted interest in the pharmaceutical and cosmetic sectors. Possible applications include pharmaceutical formulations, natural colorants, and skin care products.

Ecuadorian Rainforest takes pride in sourcing these ingredients sustainably and ethically, ensuring the preservation of the natural habitats from which they are harvested. We are committed to providing our

customers with the highest quality ingredients, which undergo rigorous testing and comply with all necessary regulations and certifications.

Ecuadorian Rainforest has provided natural ingredients from South America and beyond for over 20 years. Founded by Marlene Siegel in 1997, the company now has over 1,000 fruit, herb, marine, spice, and vegetable ingredients all under one roof. Ecuadorian Rainforest puts its natural ingredients through rigorous quality-control processes to meet high-quality standards.
