FORESIET Launches "Threat Visibility and Cyber Intelligence Capabilities" in **Azure Marketplace**

www.foresiet.com

Bengaluru, Karnataka Aug 25, 2023 (Issuewire.com) - [FORESIET](https://foresiet.com), a trusted leader in Digital Risk Intelligence, is excited to announce the launch of its Integrated Digital Risk Protection Solution (IDRP) with advanced cybersecurity capabilities now available in the [Azure Marketplace](https://azure.microsoft.com/en-us/marketplace). This partnership represents a noteworthy achievement in broadening the global accessibility of FORESIET's extensive cybersecurity solutions for businesses.

“This collaboration represents a momentous milestone in our relentless pursuit of delivering cutting-edge cybersecurity solution: “Integrated Digital Risk Protection Solution (IDRP)” to businesses worldwide. By offering our advanced threat visibility and cyber intelligence capabilities through the Azure Marketplace, we are streamlining procurement and empowering organizations to proactively safeguard against the ever-evolving landscape of threats,” Said [Mohit Kohli](#), Founder & CEO at FORESIET.

FORESIET's user-friendly cloud-based platform, offered as a hassle-free software-as-a-service (SaaS) solution, allows for seamless onboarding, enabling customers to quickly leverage its comprehensive threat intelligence within hours. With the ability to deliver actionable insights and mitigate cyber risks related to the threat landscape, FORESIET makes it effortless for businesses to proactively protect their digital assets near real-time and effectively mitigate cyber risks.

The IDRP solution encompasses a diverse range of modules, each acting as fundamental building blocks for uncovering threats and fostering cyber intelligence on a unified platform. These modules encompass:

- **DigiRisk:** Uncover your organization's digital risk exposure immediately and prioritize mitigation efforts with confidence. Stay ahead of threats with our comprehensive risk assessment solution.
- **Brand Protection:** Safeguard your brand's online image and proactively manage your reputation in the digital landscape. Monitor, protect, and strengthen your brand's integrity with our comprehensive solution.
- **Phishing Shield:** Protect your organization from phishing attacks with us advanced behavioral detection and prevention measures. Safeguard your employees and sensitive data with our comprehensive phishing defence solution.
- **Attack Surface Management:** Gain comprehensive visibility and control over your organization's digital attack surface. Mitigate risks effectively with our proactive solution for enhanced security and resilience.
- **Threat Intelligence and Dark web Monitoring:** Stay one step ahead of cyber threats with our comprehensive monitoring and analysis of potential risks in the digital landscape. Enhance your security posture and protect your organization from evolving threats. Monitor the hidden corners of the internet for compromised credentials, stolen data, and illegal activities associated with your organization. Detect and mitigate risks originating from the dark web to safeguard your brand and sensitive information.
- **Compliance and Third-Party Assessment:** Ensure adherence to data protection regulations and industry-specific guidelines. Streamline your compliance efforts and protect your organization's reputation with our comprehensive monitoring solution. Mitigate risks associated with third-party vendors by monitoring their security practices and assessing their compliance with your organization's standards. Strengthen your supply chain security and minimize potential vulnerabilities.

By leveraging [FORESIET's IDRP](#) - Integrated Digital Risk Protection Solution, businesses can effectively strengthen their security posture, safeguard sensitive data, and enhance their overall cyber resilience. With the seamless integration into the Azure Marketplace, customers can now easily access and deploy FORESIET's robust cybersecurity capabilities, enabling them to address their digital risk challenges with confidence.
