

Jodie M. NewDelman, PsyD, Psychologist

Get to know Psychologist Dr. Jodie M. NewDelman, who serves patients throughout the State of California.

New York City, New York Aug 1, 2023 ([Issuewire.com](https://www.Issuewire.com)) - Dr. NewDelman is a systems-oriented, culturally-competent consultant, licensed psychologist for nearly 25 years, and advisor skilled in transformative leadership, clinical strategy, and behavioral health innovation.

Her entrepreneurial and research background drives the pairing of best practices, competitive analysis,

and process accountability in programs, departments, and products. Implementing transformative strategies that support growth in people, agencies, and companies is a core passion.

In her diverse array of roles, Dr. NewDelman serves as the Chief Clinical Officer at PSYCHeANALYTICS, Inc., holds the position of Principal at Redpsych Consulting, acts as the Founder & Owner of Essensuate Psychology Group, APC, and serves as a valued member of the Board of Directors at LitSmart.

As a champion of creative intelligence in all spheres, evidenced-based practice, and progressive approaches to well-being, Dr. NewDelman helps leaders orient themselves to their highest level of creative intelligence through personal and professional consciousness. Impact is demonstrated in mission-aligned innovation (product, programming, operations, etc) and by scaling sustainable internal processes.

With a solid academic foundation, Dr. NewDelman obtained her Bachelor of Arts degree in Public Communications and Psychology from American University, Washington, D.C. Additionally, she achieved a Doctorate degree in Clinical Psychology from the California School of Professional Psychology and pursued a post-doctoral position at UCLA's Neuropsychiatric Institute under medical geneticists investigating the heritability factors in ADHD and ASD.

Her predoctoral research activities at Loyola focused on the neuropsychological underpinnings of developmental, behavioral, and learning disorders. An early-career forensic clinical services post at Cook County Juvenile Court, providing expert testimony in court, reinforced deep interests in cultural inequity, access to mental health care, and the impact of trauma on the mind and body.

Personally committed to lifelong learning, Dr. NewDelman holds certifications in Psychedelic Integration, Ketamine Assisted Psychotherapy, and Ketamine Assisted Psychotherapy Theory and Methodology by Fluence.

To date, she regularly mentors and supervises clinical staff, has taught in academic settings, and has held leadership positions that emphasize her passion for whole-person, precision medicine and diagnostics.

Psychology is the science of behavior and mind. It includes the study of conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope. Psychologists assess, diagnose, and treat the psychological problems and behavioral dysfunctions resulting from, or related to, physical and mental health. In addition, they play a major role in the promotion of healthy behavior, preventing diseases and improving patients' quality of life.

As a long standing volunteer at the California Film Institute, Dr. NewDelman has moderated panels and helped cultivate educational programs.

When not thinking about thinking, she can be found dancing, skiing, cooking, discovering independent films, and charting novel travel excursions with her family in both urban and countryside spaces.
