

Moneyak JB releases his latest track "Sangita" in response to the arising cases of domestic violence

Sangita has a catchy melody and an uplifting message of hope for all women who are experiencing domestic abuse.

[JB](#), is an Afrobeats artist who released his track [Sangita](#) a few months ago. The track has taken on new meaning in light of recent events, with Moneyak JB using his platform to send a message of love and support to women who have been victims of gender-based violence.

Sangita was written as a love song, but Moneyak JB says it takes on a different meaning in the current climate. "I wrote this song to show that love still exists, even in homes where there is violence." "I want to send a message of hope to all women who are suffering that they are not alone and that there is a way out."

It should come to people's minds that domestic violence does not only affect spouses but also has a negative impact on children. The parents argue and fight in the presence of their children, and if this happens every day, it becomes normal for the children. There is no love in such a family, hence the need to restore it. Children who witness their parents fighting are more likely to have anxiety and depression. They may also have trouble in school and have problems with relationships when they become adults. It is important to break the cycle of violence and show children that love does not have to hurt. Love shouldn't hurt.

The track has resonated with many people, with the song "Sangita" amassing over a thousand plays on Boomplay Music. Moneyak JB is using his growing platform to raise awareness of the issue of gender-based violence and to call for change. "We need to stand up and speak out against this violence." "It is not acceptable, and it has to stop." JB's new track "Sangita" is all about celebrating African women and their strength in supporting their families.

The track highlights how important it is for husbands to appreciate their wives and make them feel like they are the most important people in their lives. Moneyak JB is hopeful that "Sangita" will spread far and wide and believes that if it does, it has the potential to make the world a better place. With its positive message and catchy melody, "Sangita" is sure to be a hit with fans of all ages.
