Nahan, Himachal Pradesh Aug 21, 2023 ([Issuewire.com](https://www.issuewire.com)) - Leading astrology website, **PowerFortunes.com** recently launched two, free, online tarot services that use artificial intelligence to provide interpretations.

PowerFortunes, a leading astrology website, recently launched two, very useful, but completely free, online tarot services. These are:

- [Free Online Tarot Readings.](#)
- [A Free, Online Tarot Assistant.](#)

The free online tarot readings provide a complete set of predictions, using the ten card, 'Celtic Cross' layout. They are very easy to use and are suitable for both novice and expert users of the tarot, alike.

These readings simply require the user to shuffle a virtual deck of cards and then randomly select ten, face down cards, which will appear on their screen. A full reading, complete with images of the ten selected cards, spread in the 'Celtic Cross' formation and their meanings, will then be generated. These interpretations provide details of the user's past, present, future and thoughts.

In this way, any online user can get a complete tarot reading, at any time they choose, they simply have to visit the page for this service, on the PowerFortunes website.

The 'Online Tarot Assistant' is a tool that simplifies the process of making a manual tarot reading. Anyone performing a tarot reading at their location can enter the cards that they have drawn, into the 'Tarot Assistant'. This will then provide the user with an interpretation for each card, according to its positions in the reading. This greatly simplifies the tarot reading process for anyone who wishes to make real predictions, using their own tarot skills. Using the 'Tarot Assistant' eliminates the need for the tarot reader to manually look up the meanings each of the ten cards drawn. This innovative synergy of manual and automated tarot readings makes use of the best features of both systems.

The ©PowerFortunes 'Online Tarot Assistant' employs artificial intelligence to help with interpreting the selected tarot cards.

Both these services from ©PowerFortunes.com are completely free of any obligation, no sign up or login is required. They also do not log or store any user data and may be accessed unlimited times. They are already proving to be very popular with visitors to the site. Visitors to PowerFortunes.com can access these services from links in the main header menu or by searching for them.

These new services complement these existing free, online services, developed by ©PowerFortunes.com, which are also available on their website:

- Free online fortune telling.
- The zodiac sign calculator.
- The love compatibility calculator.
- A personalised lucky number tool.
- Daily and monthly horoscope predictions.

- The daily lucky numbers and tarot cards for each zodiac sign.
