Chicago, Illinois Aug 4, 2023 ([Issuewire.com](https://www.issuewire.com)) - Today, we are thrilled to announce the latest feature in Recz, the revolutionary social app that empowers users to discover authentic recommendations in

diverse categories, connect with friends, family, and peers, and foster a vibrant community of like-minded individuals. With the new Recz List feature, users can now curate personalized lists of their favorite travel destinations, recipes, must-watch movies, top stocks, and much more and share them with their chosen audience, making decision-making and interaction a breeze.

The [Recz app](#) is designed to provide users with genuine recommendations on a wide range of categories, including fashion, movies, travel, books, stocks, recipes, and more, all shared by their close friends, family, and peers. Gone are the days of sifting through countless reviews from anonymous users – with Recz, you'll get personalized recommendations from the people who matter most.

Key Features of Recz:

- **Authentic Recommendations:** No more fake reviews! Recz ensures that all recommendations are from your trusted circle, making them more reliable and relevant.
- **Community Building:** Recz is a tightly-knit community populated by your close connections. Engage, interact, and bond over shared interests effortlessly.
- **Shareable Posts and Reels:** Express yourself and showcase your favorite finds through posts and reels. Spark conversations and connect with others who share your passions.
- **Recz List:** The newly introduced Recz List feature enables users to create customized lists for various categories. Whether it's a dream travel itinerary, a list of scrumptious recipes, or a collection of must-read books, users can organize and share their interests.
- **Privacy Settings:** Control the visibility of your Recz Lists with privacy options. Keep it public to inspire and connect with the wider community, make it private for a select few, or share exclusively with your Recz friends.

Recz is about bringing people together through authentic connections and shared experiences. With the introduction of Recz List, the makers are taking community engagement to a whole new level. Now, users can create and share personalized lists, making it easier for their friends to discover new gems and make collective decisions on what to watch, read, try, or explore.

"We founded Recz with a vision to create a social app that truly brings people together and empowers them to make informed decisions based on authentic recommendations. Our new Recz List feature takes this vision to the next level, allowing users to curate personalized lists and share them with their trusted circles. With Recz, we aim to foster meaningful connections and community building, making it easier for friends, family, and peers to engage, interact, and make collective decisions, said Hanish Pahwa, Founder, Recz. "We're excited to see the Recz community continue to grow and flourish, inspiring each other through shared experiences and passions," he added.
