

Risk Awareness Week 2023 Set to Redefine Risk Management Approaches with a Stellar Line-up of Thought Leaders

The V Annual Virtual Conference, Risk Awareness Week 2023 (RAW2023), is gearing up to provide attendees with an unparalleled exploration of risk-based decision-making.

The graphic features a central wheel of fortune with segments labeled: "100% FREE", "So close!", "10% Off", "No luck today.", "20% Off", and "Sorry, try again!". A hand icon points to the "20% Off" segment. To the right, the text reads: "9-13 OCTOBER 2023", "40+ RISK MANAGEMENT WORKSHOPS", "Global online platform for sharing quantitative risk management case studies, models and risk management implementation success stories. Learn from the best RM2 practitioners.", and "2023.RISKARENESSWEEK.COM". A red octopus logo is at the top left of the text area. A red button at the bottom right says "click the image for a chance to win free full access or a discount".

New York City, New York Aug 25, 2023 ([Issuewire.com](https://www.issuewire.com)) - The event is specially curated to dive deep into risk management, with a focus on quant risk for non-financial firms. From October 24th to 28th, the global risk community will converge virtually to elevate their skills, broaden their perspectives, and foster connections.

Unveiling a Power-Packed Speaker Line-up

RAW2023 boasts a dazzling array of over 30 risk luminaries, set to deliver workshops that challenge conventional thinking and offer actionable insights. Highlights include:

- *Douglas Hubbard*, Founder/President of Hubbard Decision Research, offering expertise in decision research.
- *Sam Savage*, Executive Director of ProbabilityManagement.org, providing insights into decoding probabilities.
- *Michele Wucker*, Founder and CEO of Gray Rhino & Company, illuminating the concept of looming gray rhinos.
- Practical risk perspectives from industry veterans such as *Norman Marks* and *Hans Læssøe*.
- The adventurous insights of *Paula Reid*, melding adventure, psychology, and risk in a unique exploration.

These are just a few of the eminent experts set to guide attendees through the diverse and complex world of risk management.

Interactive Workshops and Noteworthy Highlights

Among the event's offerings is a particularly exciting workshop that merges real-life experience with risk assessment. This session delves into the fascinating topic of managing risk during a hippo attack, emphasizing the importance of adaptability and preparation.

Attendees can also look forward to:

- Engaging panels.
- A series of quant risk workshops tailor-made for non-financial firms.
- A chance to delve into real-life risk scenarios, best practices, and methodologies.
- Exclusive access to RAW2023 content.

Early Bird Offerings and Registration Perks

Participants are urged to capitalize on early bird discounts, with prices set to increase monthly leading up to the event. Furthermore, current registrants can try their luck with the spin-to-win wheel, offering potential discounts of up to 100%.

RAW2023 promises not just a conference, but an experience, driven by the mission to transform traditional risk management. The event celebrates the 300th registration, marking a significant milestone, and invites industry professionals globally to be part of this transformative journey.

Registration, speaker details, and more information can be found at <https://2023.riskawarenessweek.com>.
