

S-TILESTONE: The Flexible Stone Veneer Brand, Now A Recognized Global Icon.

Unlimited Applications, Limited Only By Your Imagination.

Chandigarh, India Aug 14, 2023 (Issuewire.com) - **S-TILESTONE: THE FLEXIBLE STONE VENEER BRAND, NOW A RECOGNISED GLOBAL ICON**

S-tilestone, the pioneering brand in flexible stone veneers, has achieved a momentous milestone in its journey by becoming a recognised global brand. With its exceptional innovation, dedication to quality, and commitment to customer satisfaction, S-tilestone has solidified its position as a leader in the stone veneer industry worldwide.

From its inception, S-tilestone has been driven by a passion for transforming architectural landscapes with its cutting-edge products.

One of S-tilestone's most significant collaborations that exemplifies this spirit is its partnership with **Esspex Corporation, a Japan-based company headquartered in Osaka**. This collaboration has brought together the technical expertise of both nations, resulting in the creation of truly innovative and

exceptional flexible stone veneers.

"We are immensely proud to be a **'Make in India'** brand, and our partnership with Esspex Corporation has been instrumental in driving our growth and success," said Neeraj Khandelwal, International Sales Director at S-tilestone. "Together, we have combined the best of Indian and Japanese craftsmanship to deliver products that have garnered appreciation and recognition from customers worldwide."

Recently, S-tilestone was used at the famous **Darling Hotel, A Forbes 5-star Hotel Awardee in Sydney Australia**. The project is a stunning testament to the limitless possibilities that S-tilestone's flexible veneers offer. The Darling Hotel, a luxurious and iconic establishment nestled in a bustling metropolis, sought a unique and modern marble veneers that would set it apart as an architectural masterpiece. With the help of S-tilestone's flexible stone veneers, the design team was able to achieve an awe-inspiring interior that seamlessly evokes a sense of elegance and sophistication in the hotel's guest rooms.

"We are thrilled to have been a part of the Darling Hotel Project," said Neeraj Khandelwal. "The project allowed us to demonstrate the true potential of our flexible stone veneers. After receiving an overwhelming response from the export market, we are thrilled to announce its widespread launch in India. With the aim of empowering architects across the country, S-Tile Stone is making its innovative products readily available for use in a myriad of projects."

Key features of the S-tilestone's flexible stone veneers include:

Architectural Marvel: S-tilestone's flexible veneers facilitated the creation of a seamless and visually stunning interior and exterior, reflecting the designers' unique character and charm

Time and Cost Efficiency: S-tilestone's installation process significantly reduced construction time and costs, providing an efficient solution without compromising on quality.

Sustainability: As with all S-tilestone projects, sustainability remained a top priority, and the flexible veneers used in the Darling Hotel Project adhered to the brand's commitment to eco-friendly practices.

The success of the Darling Hotel Project garnered widespread acclaim and further propelled S-tilestone's reputation as an industry leader. Today, S-tilestone stands proud as a recognised global brand that continues to inspire architectural wonders around the world and soon enters the Indian market with a wide range of products available.
