

Solar Refrigerator Company is a Market Leader of Solar fridges, Solar Freezers & the New SUNSTAR 10 cu ft RV fridge

SunStar Launches New 10 cu ft DC fridge for the RV Fridge and Tiny Home Refrigerator markets & Solar Refrigerator Company continues with its commitment to providing customers with energy-efficient solutions

providing customers with energy-efficient solutions. There has been an increase in the demand for solar equipment, including products like solar panels, solar batteries, solar generators, solar fridges, and solar freezers. This has been attributed to consumers looking to save on their utility bills after the increase in energy costs and the cost of living worldwide.

Solar Refrigerator Company is a one-stop-shop for everything solar, supplying products from major brands like Dometic, SunStar, SRC, EcoSolarCool, Phocos, Victron Energy, EcoSol Battery, Rich Solar, Canadian Solar, LG, Danfoss/ Secop. The majority of products come with a minimum of 2 years warranty.

Sunstar is a US renowned brand that manufactures their products in the USA. This brand manufactures DC solar refrigerators and solar freezers suitable for homes and businesses. Their range of product sizes are between 3 to 21 cu ft. Some of the features of their products include:
