Get to know the Sleep Medicine Specialists of TMJ & Sleep Disorders of Michigan, who serve patients in Grand Rapids, Michigan.

# TMJ & SLEEP DISORDERS OF MICHIGAN

**New York City, New York Aug 17, 2023 ([IssueWire.com](https://www.issuewire.com))** - The physicians at TMJ & Sleep Disorders of Michigan specialize in the treatment of craniofacial pain (TMJ disorders) and sleep-breathing related disorders (sleep apnea & snoring) so our patients can rest and live pain free. They have completed extensive advanced post-graduate training throughout the years, and their continued commitment to learning and advancing their skills is what sets them apart from other offices. Their doctors are some of the most advanced and highly trained providers in this field, something they are proud and honored to be able to offer their patients.

### Dr. Jerry B. Mulder

A distinguished figure in the field of dentistry, Dr. Mulder's journey began at the University of Michigan in Ann Arbor, where he earned both his undergraduate and graduate degrees. However, his thirst for knowledge and pursuit of excellence did not stop with his formal education.

Over the past 25+ years, his insatiable curiosity and dedication to staying at the forefront of dental innovation have led him and his team on a path of rigorous and continuous learning. Their focus on enhancing their skills in cosmetic and reconstructive dentistry has led them to engage in intensive educational programs that have set new standards within the industry.

Dr. Mulder's notable affiliation with the Las Vegas Institute for Advanced Dental Studies (LVI) has been instrumental in shaping his expertise. Through LVI, he has not only gained valuable insights but has also contributed significantly to the advancement of dental knowledge. His role as an educator at LVI has solidified his reputation as a thought leader in the field.

The depth of his expertise extends beyond a single area of focus. His pursuit of excellence led him to pursue fellowship programs in various specialized domains, including Temporomandibular Joint Disorders and Dental Sleep Disorders at the esteemed Academy of Cranial Facial Pain (AACFP) in Dallas. Further, he completed a comprehensive TMD residency at the University of Tennessee and a

Neuromuscular Orthodontic Residency at AACP in Dallas, showcasing his commitment to a holistic approach to dental health.

Staying current in an ever-evolving field, Dr. Mulder and his daughter are currently immersed in enriching their knowledge at the Spears Institute in Scottsdale, Arizona. Their journey includes not only honing their existing skills but also expanding their expertise into new territories, such as Botox and dermal fillers. Their pursuit of excellence has also led them to become certified in TMJ Botox injections through the Academy of Facial Anesthetics, emphasizing their dedication to comprehensive patient care.

On a professional level, he is an active member of the American Academy of Craniofacial Pain, the American Academy of Facial Anesthetics, the American Dental Association, the American Academy of Dental Sleep Medicine, the American Academy of Sleep Medicine, the Michigan Dental Association, the West Michigan Dental Association, the Kent County Dental Association, and the Family Business Alliance Net-Gen Group.

### **Dr. Allyson Mulder**

A dedicated dentist, Dr. Allyson's educational foundation was laid at the University of Michigan, where she earned her undergraduate degree in 2007. Driven by her aspiration to excel in her field, she continued her academic pursuit at Tufts University, School of Dental Medicine. In 2012, she proudly graduated with a Doctor of Dental Medicine degree, solidifying her expertise and commitment to oral health.

With her education complete, she returned to her roots in Grand Rapids, Michigan, reuniting with her father, Dr. Jerry, to embark on a shared dental practice. This collaboration represents the continuation of a legacy that spans four generations. The Mulder family's century-long commitment to the community's dental well-being is a testament to their unwavering dedication.

Together, Dr. Allyson and Dr. Jerry oversee three distinct practices, with two focused on general dentistry and the third specializing in TMD, craniofacial pain, and sleep disorders. Their devotion to continuous growth is palpable as they actively pursue advanced post-graduate training. This commitment has led them to the forefront of innovative dental practices.

Over the past six years, she has immersed herself in hundreds of hours of continuing education. Her focal points encompass cosmetic dentistry, TMJ and sleep-centered courses. Her dedication led her to earn the esteemed title of Fellow from the American Academy of Craniofacial Pain (AACP). Her specialized training includes the completion of various TMJ and Sleep residencies, as well as certifications in facial injections and Botox from the American Academy of Facial Esthetics (AAFE).

Beyond her exceptional skills, Dr. Allyson is an active participant in dental study groups, including the Grand Rapids Spears Study Club. Her commitment to education is paralleled by her love for adventure. When not immersed in dental practices or expanding her knowledge, she enjoys skiing, triathlons, and traveling. Her office even boasts an adorable Bernedoodle, Oliver, who captures the hearts of patients and staff alike.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentist's diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the

teeth and mouth are healthy.
