Chennai, Tamil Nadu Sep 19, 2023 ([Issuewire.com](https://www.issuewire.com)) - [Colan Infotech](https://www.colaninfotech.com), India's one of the fastest growing offshore software development companies, is excited to participate in the World's largest tech event, GITEX 2023, for the fourth time in a row at the prestigious Dubai World Trade Centre from 16 -

20 October 2023.

The Gulf Information Technology Exhibition (GITEX) is renowned for its display of the latest technological advancements. Since 1981, this annual extravaganza has brought the World together for the love of technology and showcased some breakthrough developments that have benefited society as a whole.

It is noteworthy that the Colan Infotech GITEX Global 2023 participation is located at the Nasscom India Tech Pavilion, at Hall 15. Colan is one of the top 25 companies in Nasscom's Tech Pavilion.

GITEX 2023 is a place where business leaders, tech enthusiasts, startup founders, developers, coders, researchers, and other C-suite executives connect, collaborate and create. It's a great networking hub with 1,00,000+ trade buyers, 6000+ exhibitors, 1400+ expert speakers, and a million audience from 180 countries.

For many businesses, this is an opportunity to build meaningful connections, share their expertise, and discover modern solutions that drive their industry forward. People collectively push their boundaries of technology with creative solutions to empower businesses and foster unimaginable growth.

With three continuous years of Colan Infotech GITEX participation, the team is ready to amaze visitors with a range of emerging tech solutions that can solve business challenges. This year, with an aim to make AI accessible for every vertical of a business, Colan is bringing you a showcase of cutting-edge technology solutions by focusing on these technologies: Artificial Intelligence, Machine Learning, Augmented Reality (AR), Cloud Computing, RPA, Blockchain, IoT, Mobility and Web Application.

During the GITEX technology week, you can interact with the top minds at the company and discuss your business and ways to improve it with technology. Access the free expert consultation in person to create a strategy and chart a path to success. You can also get an instant proposal that's tailored to your needs. Moreover, you request a demo to experience the cutting-edge solutions firsthand. It's a great opportunity for tech enthusiasts and students to get relevant industry exposure.

You are welcome to visit the booth (Counter/Pod:18) and learn how to utilize the true power of technology that will play an important role in growing your business/organization. [Pre-book a meeting](#) in advance to meet the expert team in-person and learn what new technology can elevate your business operations and help you grow.
