Known for Hospital Marketing & Doctor's Online Reputation Management, the company is dedicated to helping healthcare organizations attract new patients, enhance their reputation, and maximize their success.

Doctors and people in health care sector in India find it very difficult to find patients online even after 15+ years of experience.

Most challenges faced by doctors are-

- 1) I am looking to get more patients from online sources.
- 2) I need help getting more online patient reviews.

- 3) I want to dominate search engines and get found online by patients easily.
- 4) I need a website & marketing upgrade for my healthcare practice.
- 5) I am having trouble managing a lot of marketing activities & engaging with patients.
- 6) I have signed a contract with an agency & am fed up with their account managers changing frequently.
- 7) I don't have any idea about the results from my previous marketing agency.

Trace Presence solve the challenges of doctor like

- 1) Patient Acquisition- acquiring patients online via ads.
- 2) Branding using PR
- 3) YouTube Marketing
- 4) Patient Retention

Who do they work for?

1. Doctors
2. Hospitals Clinics
3. Healthcare brands
