

## BOOK RELEASE: First time author releasing children's book

Introducing Charming Holly Chrystal: New character. Old values.

**Charleston, Illinois Sep 7, 2023 ([IssueWire.com](https://www.issuewire.com))** - A new children's character with old-fashioned values is ready to launch. *Introducing Charming Holly Chrystal* is the story of an inquisitive child struggling to understand the idioms often used to describe her. The first book by Personal Wordsmith uses whimsical verse and realistic illustrations to connect with young readers. It will be released first as an e-book with paperback, board book, and audiobook versions to follow.

Personal Wordsmith (PW) began offering writing services and producing poetry in 2016 through an Etsy shop. Growth and experience have created the opportunity to venture into children's books. This inaugural release is dedicated to the author's parents, Odetta Patterson and the late Lewis Greer of Mineral Bluff, Georgia.

Holly Rennels, sole proprietor of PW, has been ghostwriting for years and is excited to self-publish a book illustrated by Sarah Ruff. Holly is a graduate of the University of Georgia and Fannin County High School in Blue Ridge, Georgia. She is a wife and mother of two and mother-in-love to one. Sarah is a graduate of Eastern Illinois University and Arthur Lovington Atwood Hammond High School. She is also married with a brand new baby! The creative team met working together in retail. Holly considers Sarah her "work daughter!" and hopes this collaboration will lead to more opportunities for them both.
