

Get to know the Dentists of Fallbrook Village Dental, who serve patients in Fallbrook, California.

Fallbrook Village Dental

New York City, New York Oct 10, 2023 ([Issuewire.com](https://www.issuewire.com)) - Fallbrook Village Dental is a family-oriented dental practice that provides nearly every dental service in-house, delivering the excellent dental care and personal attention patients deserve. Their team is dedicated to providing patients with a beautiful smile and excellent patient service.

From children's first cleaning to orthodontics, teeth whitening treatments, wisdom tooth extractions, dental implants, and more, their caring dental team caters to the whole family.

Their patients come from throughout San Diego County because, as a full-service dental office with multiple options at their fingertips, they strive to get patients the smile they want.

With years of training and expertise, each member of the Fallbrook team treats patients like a member of their own family. They also have team members who speak Spanish to help meet all of their patients' needs.

Dr. Jordan D. Colby, DMD

Driven by an unwavering passion for his craft, Dr. Colby is on a perpetual quest to discover new and innovative ways of making dentistry not only effective but also cost-efficient and comfortable for his patients.

Throughout his academic career, he pursued a dual degree in Chemistry and Spanish interpretation and translation at Hunter University, graduating with cum laude honors. This early foundation in the sciences and his proficiency in Spanish would later prove invaluable in his dental career, enabling him to connect with a diverse range of patients and provide them with exceptional care.

The pursuit of his dream continued at the College of Dental Medicine at Midwestern University in Arizona, where Dr. Colby earned his Doctor of Dental Medicine degree. His time in dental school was marked not only by academic excellence but also by a deep commitment to service.

He served as the Chairman of the Academy of LDS Dentists and organized a mission that would change the lives of hundreds. Leading a group of 20 dental students, he embarked on a two-week dental service mission to the beautiful island of Tonga. There, they provided free dental care to more than 400 locals, leaving behind smiles that lit up the South Pacific.

Staying at the forefront in dentistry, Dr. Colby recognizes the importance of continuous learning. He regularly attends education courses with SD CEREC docs and Spear education seminars and other prestigious postgraduate training courses. He is also a proud member of the Academy of General Dentistry, the Academy of Cosmetic Dentistry, and the Academy of Implant Dentistry.

Hailing from Carpinteria, California, he spent his youth playing football and volleyball, nurturing his love for sports and physical activity. He married his high school sweetheart, and together they share a beautiful family with four daughters, a Golden Retriever named Redford, and two cats. When he's not busy crafting beautiful smiles, he can be found hitting the road on his bike, taking refreshing swims, or on a quest to discover the finest taco joints in town.

Dr. Tim Sebreros, DDS

An Active Duty Dental Officer for the United States Navy, Dr. Sebreros has embarked on a remarkable journey, one that has allowed him to serve his country while honing his skills as a dental professional.

Driven by a commitment to excellence and a thirst for knowledge, he has not only provided top-notch dental care to his patients but has also had the privilege of learning from some of the finest dental specialists within the Armed Forces.

Academically, Dr. Sebreros earned his Bachelor of Arts degree in Spanish from Brigham Young University in 2014. He then went on to receive his Doctor of Dental Surgery degree from the University of the Pacific in 2018, which set him on the path to becoming an esteemed dental practitioner.

What sets him apart is not just his academic achievements or his military service, but his genuine passion for staying at the forefront of dental advancements. Working alongside a diverse group of dental specialists within the Armed Forces has given him the unique opportunity to stay current on the latest techniques and technology in the field of dentistry. This commitment to lifelong learning ensures that his patients receive the most comprehensive and advanced dental care available.

Notably, Dr. Sebreros was also a recipient of the highly prestigious Health Professions Scholarship Program (HPSP) from the Navy. This scholarship is a testament to his dedication to serving in the military while also excelling in his academic pursuits, a testament to his exceptional abilities and commitment.

Originally from the sunny town of Murrieta, California, he has always had a zest for life that extends far beyond the dental chair. He shares his life with his loving wife, Catherine, and is the proud father of two beautiful daughters. It is clear that his dedication to excellence extends to every facet of his life, including his role as a husband and father.

When he's not busy crafting beautiful smiles, Dr. Sebreros enjoys playing the piano, exploring the depths of the ocean through scuba diving, or passionately cheering on his favorite sports teams.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.
