Healing Love Poems for white supremacy culture

Roberto Schiraldi

A journey in poetry and other writings through
the treacherous culture of white supremacy
always returning home again.....to Love

Metropolitan Manila Area, Philippines Sep 11, 2023 ([IssueWire.com](https://www.IssueWire.com)) - A one of its kind, made solely and soulfully for those who suffered from the pain brought by the never-ending culture of white supremacy. *Healing Love Poems for white supremacy culture: Living Our Values*, is a compilation/collection of poetry and other writings specially made to heal, not only the physical but also the mental and emotional impact of so-called white-supremacy-mentality and of racism in general. This book has just so much to offer, including strategies on how we could heal our racist tendencies, that of the community, and of the world.

To know more about it, *Healing Love Poems* will be featured in the 2023 Manila International Book Fair from September 14-17, 2023 in Manila, Philippines.
