Pittsburg, California Sep 29, 2023 (Issuewire.com) - Deprived of their rights for centuries, women in the 21st century are more outspoken about their rights as a woman and as a citizen of the nation. Women began to take control of their choices especially if it's about their bodies. Hence, the 1970 Roe v. Wade legal case that would allow women to regulate abortion.

But, what if the ruling turned out differently? Will it immensely affect the women's lives? Will it drastically change society? To what extent, can this ruling modify the society we live in today?

Stephen Sipila's *Roe's Folly* recounts the story of an alternate America's dystopian future in which *Roe v. Wade*, known as *Roe's Folly*, resulted in the national right to life amendment that made all forms of abortion and contraception illegal and punishable by law. In this bleak future, the nation is overpopulated, crime-ridden, and poverty-stricken — making the right to an abortion a matter of life and death.

The novel follows the life of a young girl named Destiny who is facing an unwanted pregnancy. Desperate for a way out, she petitioned the Supreme Court to overturn the right to life amendment. Destiny's case is taken up which quickly becomes the flashpoint in a national debate about women's rights to their bodies.

Roe's Folly is a cautionary tale about the potential consequences of infringing on women's rights is written in a chilling page-turner fashion, as it takes readers through the terrifying landscape of this ravaged country. Through Destiny's story, it offers a look at how the power to control a woman's body can lead to a totalitarian and misogynistic society. Follow Destiny's story and learn how her life progresses as she fights for her rights. Book copies of Stephen Sipila's *Roe's Folly* are up for grabs on [Amazon](#), [Barnes & Noble](#), and other booksellers online.
