

Jonathan Paul Mannas, MD, a Neurosurgeon with Covenant Medical Group

Get to know Neurosurgeon Dr. Jonathan Paul Mannas, who serves patients in Lubbock, Texas.

New York City, New York Sep 26, 2023 ([Issuewire.com](https://www.issuewire.com)) - A skilled neurosurgeon, Dr. Mannas is renowned for his expertise in the fields of neurosurgery, neurotrauma, spine surgery, and reconstructive surgery. With a deep passion for addressing complex spine and brain disorders, he has made significant contributions to the medical community. He joined Covenant Medical Group in August of

2016, bringing his wealth of knowledge and skill to benefit patients in need of neurological care.

Pertaining to his educational pursuits, he embarked on his medical journey with a solid foundation, graduating from Texas Tech University in 2005. His commitment to excellence in medicine led him to pursue his medical degree at the University of Oklahoma College of Medicine in Oklahoma City, where he graduated in 2009. This academic pursuit marked the beginning of his distinguished career in neurosurgery.

Following medical school, Dr. Mannas further refined his skills through a comprehensive internship and residency at the University of Kentucky in Lexington, where he honed his expertise in neurosurgical procedures. During this time, he not only demonstrated exceptional dedication to his craft but also garnered recognition for his teaching abilities, earning the University of Kentucky's Department of Surgery Medical Student Teaching Award.

Continuously advancing his efforts, the doctor is an active member of Alpha Omega Alpha, an esteemed honor society that recognizes outstanding academic achievements in the field of medicine.

Neurosurgery is the medical specialty concerned with the prevention, diagnosis, surgical treatment, and rehabilitation of disorders that affect any portion of the nervous system including the brain, spinal cord, peripheral nerves, and extra-cranial cerebrovascular system. Neurosurgeons are doctors who diagnose and treat problems with the nervous system, often by performing surgery on the brain or spine. They treat strokes, tumors, cervical and lumbar disc disease, infections, and head or spinal cord injuries.

On a more personal note, Dr. Mannas finds balance and relaxation by spending quality time with friends and family. He enjoys pursuing outdoor interests such as golf, skiing, and camping.
