Khan and the She Makes History Award Ceremony. Despite being in existence for only three years, NPB Design Studio has already achieved its seventh award and recognition, affirming its commitment to making a significant social impact in the community.

As a mission-driven and BBB-certified company, NPB Design Studio excels at maintaining the highest ethical standards while working tirelessly to create a lasting legacy. NPB Design Studio is thrilled to use this grant to further expand its operations and continue making a positive impact. The studio extends its heartfelt gratitude to Hello Alice, Etsy, Progressive, GenGlobal, Empower by GoDaddy, and Better Business Bureau for their unwavering support in helping this small business thrive.
