Chantilly, Virginia Oct 4, 2023 ([IssueWire.com](https://www.issuewire.com)) - For the second consecutive year, Scott-Long Construction has been recognized in receiving the coveted STEP Diamond Award. This recognition underscores the company's enduring commitment to safety, excellence, and dedication.

Established in 1961, Scott-Long Construction has consistently set the standard for excellence in the [commercial construction](#) sector. The company specializes in delivering exceptional results through its concise approach where understanding clients' goals and maintaining a relentless focus on award-winning quality are top priority.

“Scott-Long fosters a collaborative, teamwork-driven approach, supporting not only client success but also employee growth. Our team members engage our design partners, subcontractors, and vendors early on, to strengthen our partnerships and proactively add value to our projects. We work hard to maintain trust-based relationships with our clients, partners, vendors, subcontractors, and employees,” states John Scott, CEO of Scott-Long Construction.

This dedication has led to yet another recognition of excellence for Scott-Long Construction. The prestigious STEP Diamond Award is presented by the [Associated Builders and Contractors \(ABC\)](#). The ABC is a national construction industry trade association that represents over 22,000 members. The award recognizes companies that have excelled in safety performance by participating in ABC's **S**afety **T**raining **E**valuation **P**rocess (STEP).

The STEP program, founded in 1989, serves as a benchmarking and improvement tool for safety practices in the construction industry. Participants, regardless of company size or type of work, measure their safety processes and policies on 25 key components through a comprehensive questionnaire. The ultimate goal is to implement or enhance safety programs that reduce jobsite incidents.

In addition to the STEP Diamond Award, Scott-Long Construction Inc. has also been honored with the Excellence in Construction Award. The Metro Washington and Virginia Chapters of Associated Builders and Contractors recognized the company's stellar execution of renovations at The Fourth Presbyterian Church and The Montebello Community Center as outstanding examples of excellence in construction.

The Excellence in Construction awards celebration took place on Wednesday, September 20, 2023, at The Ritz Carlton in Tysons Corner. The distinguished event brings together industry leaders, architects, owners/developers, project teams, and subcontractors for an unforgettable evening of celebration and recognition.

Scott-Long Construction's continued recognition with the STEP Diamond Award reflects its ongoing commitment to maintaining the highest safety standards and fostering a culture of excellence within the construction industry.
