

Sterling Foy, DDS, a Dentist with Foy Aesthetic + Family Dentistry

Get to know Dentist Dr. Sterling Foy, who serves patients in Omaha, Nebraska.

New York City, New York Sep 22, 2023 ([Issuewire.com](https://www.issuewire.com)) - A prominent dentist and recognized Invisalign Preferred Provider, Dr. Foy is the Owner of Foy Aesthetic + Family Dentistry in Omaha, Nebraska.

With an unwavering commitment to excellence, he delivers a comprehensive range of dental services, encompassing cosmetic dentistry, cavity fillings, dental implants, and dentures. His dedication extends to providing same-day emergency dental appointments, driven by his continuous pursuit of the latest technologies, procedures, and materials to ensure that his patients consistently receive the highest quality care.

Having been practicing dentistry since 2009, Dr. Foy appreciates the special opportunity it gives him to associate with the wonderful people within his community. He especially enjoys helping people achieve their dental goals using the best advances modern dentistry has to offer. He has surrounded himself with an exceptional team of staff members who share his paramount objective: to bring smiles to the faces of everyone they encounter.

Born and raised in Ponca City, Oklahoma, Dr. Foy graduated from Ponca City High School in 2000. His passion for dentistry began at an early age while taking the Dentistry Merit Badge as a Boy Scout. He also received constant exposure to the field from his best friend's mother who happened to be a dental hygienist!

Upon graduating from high school, Dr. Foy attended Brigham Young University and earned his Bachelor of Science Degree in Physiology and Developmental Biology. Towards the beginning of his undergraduate studies, he had the opportunity of living in the Philippines from 2001-2003 where he developed a profound love for the Filipino people and received additional motivation to pursue a career in dentistry. While attending BYU, he met and married his sweetheart, Brittney. They returned to Oklahoma together for Dr. Foy to attend the University of Oklahoma College of Dentistry where he earned his Doctor of Dental Surgery Degree.

Before relocating to Omaha to be closer to family, Dr. Foy practiced dentistry in the Oklahoma City/Norman metro area for several years in group practice. He also received advanced training in implant therapies and extensive training in full mouth rehabilitation with the highly regarded and world-renowned Dr. Dick Barnes Group and Nash Institute.

Among his professional dental affiliations, Dr. Foy is a member of the American Dental Association, the Nebraska Dental Association, the Omaha District Dental Society, and the Academy of General Dentistry.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.

Happily married, Dr. Foy and his wife, Brittney, have five children: Kade, Emery, Halley, Riggs-, and

Jayse.

In his free time, he enjoys spending time with his family, coaching his children in sports, camping, fishing, as well as playing tennis and basketball. College sports and the Oklahoma City Thunder are 'mild' obsessions of his. He continues to be actively engaged with the Boy Scouts of America where he volunteers as an Assistant Scoutmaster to a local scouting unit in the community.
