Austin, Texas Sep 21, 2023 ([Issuewire.com](https://www.issuewire.com)) - Get ready for an unforgettable evening of excitement, entertainment, and celebration! Tony Foundation is hosting Casino Night & Tony's 40th Birthday Bash, a fundraising event on Oct. 7, 2023.

Casino Night & Tony's 40th Birthday Bash promises a night filled with action-packed games, delicious catered food, signature cocktails, and a celebration like no other. Enjoy blackjack, roulette, craps,

poker, and more with professional card dealers guiding the way.

But the night isn't just about games and entertainment. It's a celebration of Tony Laudadio, 2x cancer survivor and the founder of Tony Foundation, as he marks a milestone—his 40th birthday. Tony's birthday wish is simple: to raise more assistance and support for cancer fighters while sharing an incredible night with friends, family, and generous supporters.

The event will be held at Vaughn Art Gallery in Austin (behind Loro restaurant on South Lamar Blvd.). Tickets are \$300 per couple and the cost includes initial buy-in, cocktails, hors d'oeuvres, and all entertainment. All proceeds benefit the Tony Foundation and all the cancer fighters they support. Your contributions and attendance will allow the foundation to award additional grants to families in need!

Guests can arrive at 7 p.m.; parking is available but ride-share is highly recommended. Open bar cocktails and casino games begin immediately, along with fun 360 videos, slot machines, and music entertainment available throughout the evening. Casino games will shut down at 10 p.m.
