

Warriors Path by Jeffrey Rosenspan partners with Elixir Funding, becomes largest ADA compliant house in Bristol County

Warriors Path Sober House and Attleboro Lodge by Jeffrey Rosenspan have finalized plans to install full ADA-compliant bathrooms and wheelchair service ramps at all locations by 2025.

Warrior's Path Sober House is proud to announce plans to install and update handicapped bathrooms in full compliance with the Americans With Disabilities Act (ADA).

Hospitals and Veterans Affairs offices are increasingly looking for Sober Houses to meet the demand for disabled adults in recovery, and Warrior's Path has heard the call. By 2025, every Warrior's Path Sober House, including the flagship Attleboro Lodge, will be equipped with ADA-compliant fixtures, comfortable dimensions, and accessible doors, showers, tubs, toilets, and sinks. This plan is supported by a recent partnership with Elixir Funding out of Coral Springs, Florida.

Warrior's Path is the largest certified Sober House in Bristol County. Located in Attleboro, MA, Warrior's Path is known for job placement, including help with resumes, interviews, and volunteer assignments. It is a transitional residence, helping adults in recovery maintain their sobriety and form coping skills for a successful re-entry to society.
