

2023 AASL National Conference presents Think Like A Molecule by Chuck Champlin

Author Chuck Champlin to Participate in the 2023 AASL National Conference in Tampa Convention Center.

Tampa, Florida Oct 14, 2023 (Issuewire.com) - Renowned author Chuck Champlin is set to display one of his books in one of the biggest librarians' book fair events, the 2023 AASL National Conference, held at the Tampa Convention Center in Tampa, Florida. The conference will take place from October 19th to 21st, 2023, and Champlin's book, *Think Like A Molecule: Seeking Inspiration in the Structures*

of Thought, will be exhibited under Authors Press at booth 414.

Think Like A Molecule is a thought-provoking book that delves into the profound concept of how molecules, despite their complex structures, do not ponder their place in the universe. Champlin, a writer, journalist, and former Walt Disney Co. communications executive, takes readers on a deep imaginative journey into the infinitely vast and invisibly tiny realms of the cosmos. By observing molecular assemblies, Champlin highlights the physical foundations in matter that have given rise to our thoughts and explores the infinite potential of the human mind.

The book offers a unique perspective on the interconnectedness of all things and encourages readers to tap into their own creative potential. Champlin's exploration of accidental creativity and intentional assembly of marvelous new things will inspire readers to think beyond the boundaries of their own minds.

Think Like A Molecule is available for purchase at the conference and through various retailers, including [Authors Press](#), [Creative Books](#), Sweet A's Book Cafe, [Amazon](#), [Barnes and Noble](#), and other online book resellers. The paperback edition is priced at \$7.69, while the Kindle edition is available for \$2.99.
