Frankfurt, Hessen Oct 14, 2023 (IssueWire.com) - Not new to the literary scene, LāErtes Muldrow is once again bound to showcase one of his works at the biggest book fair in the world. Together with Authors Press, LāErtes Muldrow is one of the authors to partake in this year's Frankfurter Buchmesse on October 18-22, 2023.

"This book is about the salvation of the soul." — LāErtes Muldrow

Evolve is a collection of horror and thriller stories — the anthology is divided into four sections: Complex, Thermal, Harvester, and Need. Each section recounts different narratives that will surely take readers on a wild ride, unlike anything they have encountered before.

Through these four sections, Muldrow explores the intense and complex ideas of these four narratives. Complex recounts the story of Pyriel, a man hiding from the government who happens to choose an apartment complex overrun by delinquents — he then decides to help them and that's when things go out of control. Meanwhile, Thermal is about voodoo, death, possessions, haunting, and demons. Harvester, on the other hand, talks about an Indian legend that parents tell their unruly children; but, what would happen if that legend came to life? Lastly, Need is a tale that reaches beyond the exotic erotica of the entertainment industry that will blow away every reader's mind.

Evolve is not for the faint-hearted as explicit scenes and violence are scattered throughout its pages. For the daring readers who want to delve into diverse genres and topics, then LāErtes Muldrow's unexpected twists and unpredictable turns in Evolve will certainly keep readers turning pages in anticipation.

Don't miss a chance to take part in LāErtes Muldrow's showcase in the 2023 Frankfurter Buchmesse. You can also grab a copy of Evolve on Amazon, Barnes & Noble, and more.
