Pitard's previously published book titled Heirs of a Lost Race. "This book pays homage to the real Rapanuis, the original Rapanuis, a peaceful group of talented, intelligent, and caring people."

— Francis F. Pitard

Francis F. Pitard offers an insightful glimpse into the culture and history of the Polynesian people. Rapa Nui Settlers is an awe-inspiring romantic narrative and a sequel of his novel, Heirs of a Lost Race. This novel brings to life the courage of the Rapa Nui people as they take on a journey across the vast and mysterious ocean.

Pitard reimagines the story that has been often told by modern men — the demise of the Rapa Nui people. He strongly questions such allegations of war, starvation, cannibalism, greed, and even stupidity as sources of the people's destruction. Instead, he puts forth a journey where the main characters courageously face every challenge and strive to establish a safe journey and settlement.

Both of Pitard's books about ancient Polynesia aim to provide a fresh and different perspective on their history and culture. Discover more of Pitard's works on [Amazon](#), [Barnes & Noble](#), and more.
