

Amanda Sonali Dewundara, DDS, MPH, a Pediatric Dentist with Brooklyn Heights Pediatric Dentistry

Get to know Pediatric Dentist Dr. Amanda Sonali Dewundara, who serves patients in Brooklyn, New York.

New York City, New York Oct 10, 2023 ([Issuewire.com](https://www.issuewire.com)) - Dr. Dewundara is a dedicated pediatric

dentist who brings a unique blend of warmth and expertise to her practice. Her passion for working with children shines through in her nurturing demeanor, making visits to the dentist a positive and even enjoyable experience for young patients. She firmly believes that every child deserves exceptional dental care and considers it a privilege to serve families in her community.

With a broad educational background, she pursued her undergraduate education at the University of Pennsylvania before attaining a Master of Public Health and a Doctorate of Dental Surgery from Columbia University. Her postgraduate training continued with dental research at Harvard University, culminating in a pediatric dental residency at Montefiore Medical Center in the Bronx.

Recognized as a Diplomate, Dr. Dewundara is board-certified in pediatric dentistry by the American Board of Pediatric Dentistry. The American Board of Pediatrics (ABP) was founded in 1933. It is one of the 24 certifying boards of the American Board of Medical Specialties (ABMS). The ABP is an independent and nonprofit organization.

Continuously advancing her efforts, the doctor's dedication to her profession is evident in her active memberships in esteemed organizations such as the American Academy of Pediatric Dentistry, the American Board of Pediatric Dentistry, and the New York State Dental Association.

In addition, her commitment to her field extends beyond the clinic. During her time at Harvard University, she dedicated herself to researching the relationship between diet, obesity, and dental health in underserved communities. This research reflects her commitment to promoting not only oral health but also overall well-being in children.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.

On a more personal note, Dr. Dewundara has a deep love for cooking, music, and yoga. Her patients may even have the pleasure of hearing her serenade them with a song during their visits, adding an extra touch of comfort and positivity to the dental experience.
