

Brandi Wright, MD, a Nephrologist with Jefferson Regional Medical Center

Get to know Nephrologist Dr. Brandi Wright, who serves patients in Pine Bluff, Arkansas.

New York City, New York Oct 5, 2023 ([Issuewire.com](https://www.issuewire.com)) - Named a Women in Medicine “Top Nephrologist” in 2023, Dr. Wright is originally from Southeast Arkansas and considers it a privilege to serve her hometown community as a physician. She practices at Jefferson Regional Nephrology Associates and can be found on the medical staff at Jefferson Regional Medical Center.

Located on the western edge of the Arkansas Delta, Jefferson Regional Medical Center is an area rich with tradition and filled with strong people who have weathered the societal and economic storms of life and succeeded. Its mission is “improving health through excellence and compassion.”

Academically, Dr. Wright earned her Medical Degree from Meharry Medical College in Nashville, Tennessee. She then completed a residency in internal medicine at Kaiser Permanente San Francisco Medical Center and Medical Offices, followed by a fellowship in nephrology at the University of Virginia in Charlottesville.

As a testament to her success, the doctor is board certified in both nephrology and internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Nephrology is a specialty of medicine and pediatrics that concerns itself with the kidneys. It is the study of normal kidney function and kidney disease, the preservation of kidney health, and the treatment of kidney disease, from diet and medication to renal replacement therapy. Nephrologists have advanced training in treating kidney disease. They diagnose and treat kidney failure, as well as help patients by prescribing medications, offering special diet advice, and coordinating dialysis care or kidney transplantation when it becomes necessary.

When she isn't providing patient care, Dr. Wright enjoys working out and gardening. She has a love for her family and a talent for karaoke. She is a huge fan of musicals — all of Rogers and Hammerstein, and just about any Broadway or Disney show.
