CERTANDGROW.COM

Atlanta, Georgia Oct 25, 2023 ([IssueWire.com](https://www.issuewire.com)) - www.certandgrow.com, a leading Government Certifications and GSA preparation company is pleased to announce that they have secured a VSOB (Veteran Owned Small Business) Government Certification for M-Tech Control Company.

Founded in Sinking Spring, PA, in 1997 to support the electrical needs of a demanding HVAC industry, M-Tech has grown in today's competitive outsourcing marketplace. Currently occupying a spacious 25,000 square foot facility and also a separate warehouse in Sinking Spring (Reading) Pennsylvania, M-Tech provides quality UL508A, UL698A, UL1773 and NNNY hazardous location electrical panels.

"These Certifications open up significantly more markets for our clients to service all Federal, State, and Municipal government purchasing," states Heather G., Director of Operations at www.certandgrow.com. She continues: *"Our turnkey certification preparation service is designed specifically for the smaller business owner to assist with securing a Government Certification and compete for additional federal, state, or local business."*

Business Certifications play an important role for small businesses; they facilitate the procurement process with governmental organizations and are an essential pre-screening tool for many federal,

state, and municipal government agencies. Cert & Grow.com works with business owners to help guide and navigate them through the often challenging paperwork and record demands that are often a requirement for the majority of [Small Business Certifications](#).
