Get to know Family Physician Dr. Lucky Flores, who serves patients in Florida.

New York City, New York Oct 23, 2023 ([Issuewire.com](https://www.issuewire.com)) - Dr. Flores is an experienced family physician with a remarkable two-decade history of delivering exceptional healthcare services. As the Medical Director of the Wellness Therapy & Medical Care Center in Hialeah, Florida, he plays a pivotal role in shaping the provision of medical care in the community.

Known for his unwavering patient-centered approach, Dr. Flores has consistently demonstrated his ability to provide accurate diagnoses, effective treatments, and thoughtful disease management strategies, earning the trust and gratitude of his patients.

At the core of his professional philosophy is his commitment to maintaining the highest standards of healthcare. He not only dispenses expert medical advice but also takes an active role in ensuring that the administrative aspects of patient care run smoothly and efficiently. This dual focus on both the clinical and operational aspects of medicine highlights his dedication to the well-being and satisfaction of his patients.

A 1996 graduate of Rutgers New Jersey Medical School, Dr. Flores went on to perform his residency in family medicine at the University of Miami/Jackson Health System from 1996 until 1999.

His commitment to clinical excellence is underscored by his board certification in family medicine by the American Board of Family Medicine (ABFM). The ABFM is a non-profit, independent medical association of American physicians who practice family medicine in its subspecialties. It certifies family physicians who are highly skilled and effective at improving the health of their patients, their families, and their communities.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.
